## TRIAL TAKES AWAY POST OF NAVY OFFICER

Commander H. M. Daniel Is  
Dismissed From Battleship  
Royal Oak

Found Guilty of Indiscipline;  
Capt. K. G. Dewar Now  
Faces Trial

Gilmer, April 3 (Canadian Press Cable)—Commander H. M. Daniel, D.S.O., who was found guilty by a court-martial here today of actions prejudicial to discipline, was dismissed from his ship and severely reprimanded.

The commander was found guilty on all charges, including reading publicly in the wardroom of the battleship a letter he had written containing certain remarks subversive of naval discipline and reading remarks and criticisms on the conduct and orders of his superior officer, Rear-Admiral Bernard St. O. Collard, C.B., D.S.O., calculated to bring the latter into contempt.

Captain Kenneth G. Dewar, C.B., in command of the Royal Oak, is scheduled to face similar charges.

ON HALF PAY  
The sentence passed upon the commander implies dismissal from his ship, but not from the service. He will remain on half pay until it pleases the Admiralty to appoint him to another ship or another post.

Since the disclosures which led up to the court-martial were made, Commander Daniel has been on duty on the Cormorant, to which he was assigned.

The trial was opened aboard the battleship Eagle last Saturday and detailed testimony was introduced concerning the alleged conduct of the commander during the voyage of the battleship during which the admiral was declared to have berated the bandmaster and to have referred to him with opprobrious epithets.

The defence contended the admiral's actions were such as to interfere seriously with the morale of the crew, since the admiral rebuked the bandmaster, and even Commander Daniel, in the presence of other officers and members of the crew.

The testimony for the defence was closed this morning after a short adjournment. D. Kimball, defence counsel, delivered an earnest plea in behalf of Commander Daniel. The prosecution (Concluded on page 15)

## WORLD RACER ARRIVES HERE IN TWO WEEKS

T. Araki, Taking Easterly  
Course, Will Be Passenger  
on Empress Liner

With the arrival of the Canadian Pacific liner Empress of Asia here on April 15, T. Araki, one of two Japanese who start this week on globe-circling voyages, will have completed the first lap of his lengthy tour.

According to telegraph advices from Tokyo, ceremonies preliminary to the start of the race around the world were held at Ueno Park here. The two men will race in opposite directions and will use ordinary means of travel.

R. Matsu, the other world traveler, will leave Tokyo shortly after Araki sails on the Asia on Friday, proceeding first to Siberia.

The winner of the race, which is being sponsored by the Japanese daily newspaper Jiji Shimpō, will be awarded \$3,000 in cash.

The present record for circling the globe is held by Edward S. Evans and Linton Wells of the United States, who in 1926 made the trip in 28 days, 14 hours, 42 minutes and 38 seconds. Evans and Wells passed through Victoria on July 12 of that year, coming from the Orient on the R.M.S. Empress of Asia.

## AIRPLANE MAIL SERVICE OF CANADA TO BE EXTENDED

Ottawa, April 3.—With the opening of navigation on the St. Lawrence about the end of the month, the air mail service from Rimouski will be resumed. Last year the service was confined to Montreal, although one trip was made to Ottawa. This year, however, there will be an extension

and both Toronto and Ottawa are included in the air mail programme. Further expansion of Canada's air mail service is contemplated and efforts may shortly be made to reach an agreement with the United States in regard to connecting up with the transcontinental air lines at Albany, N.Y.

## FLIGHT FROM BRITAIN TO POINTS IN CANADA PLANNED

Ottawa, April 3.—Remission of approximately \$13,000 in customs duty and sales tax on an Italian aeroplane which F. T. Courtney, British flier, proposes to use in a flight across the Atlantic to Canada has been authorized by the Government. The machine is to be of Canadian registration.

The flight, according to present plans, will be made next summer. The route projected will be from Great Britain to the Azores, Newfoundland, the Maritime Provinces and up the St. Lawrence to the Great Lakes. The return trip, as planned, would be direct to Great Britain by way of Newfoundland.

## CHIEF JUSTICE OF ENGLAND CRITICIZED BY BAR COUNCIL

London, April 3.—Baron Hewart of Bute, Lord Chief Justice of England, has been rebuked by the General Council of the Bar, whose function is to decide points of professional duty. The council held he had unjustly told a jury that counsel for a prisoner had no right to call the jurors' attention five times to the fact that conviction would mean a death sentence. The man was acquitted and the Lord Chief Justice told him he was "lucky."

## LAND PLANS SATISFACTORY TO MACLEAN

Premier Expects to Go to Ot-  
tawa to Reach Agreement  
on Transfer

Sees No Difficulty in Ar-  
ranging Pact Covering Big  
Transaction

Announcement of the Federal Government's plan for handing the return of the Railway Belt and the Peace River Block to British Columbia is entirely satisfactory to the Provincial Government, Premier Maclean declared definitely on his return to Victoria today. With this statement, the Premier coupled the intimation that he would probably go to Ottawa later to arrange details of an agreement covering the return of the land areas to provincial control.

"It is quite satisfactory to the Provincial Government that the Federal Government proposes an agreement on the land transfer before legislation is introduced," the Premier said. "It will not be difficult to reach a complete understanding on all matters involved. I believe. The important thing is that the Federal Government intends to return the lands and after an agreement is reached, the transfer of the lands will be a simple matter of passing legislation ratifying the transfer. The present arrangement is thoroughly satisfactory to me."

While the Premier has made no plans for an immediate visit to Ottawa, it has been announced at the Federal capital that Hon. Charles Stewart, Minister of the Interior, will call provincial representatives into conference soon after Parliament rises to reach a definite agreement on the transfer of the railway lands, the future of parks within these areas and the handling of Indian reserves affected.

## NICHOLSON TRIAL STARTED TO-DAY IN TERMINAL CITY

Second Hearing of Man on  
Murder Charge Expected to  
End To-morrow

Vancouver, April 3.—For the second trial of Angus Nicholson, advertising salesman, charged with having murdered Marshall Douglas, April 5, 1927, in the Hotel Canada here, a jury of three women and nine men was empaneled in the assize court today before Mr. Justice Morrison.

The previous trial took two days, and although the second trial will be shorter, it is not expected to be finished in one day. This means the jury will have to be looked up to-night.

The jury will be in charge of sheriff's officers.

"Forget he was ever tried and ever appeared and stand the case with an open mind," said A. M. Johnson, K.C., when outlining the case to the jury. "Treat this case as if it was the first time this man was ever in trouble."

The evidence then adduced followed the line of that heard at the previous trial.

## Is Sent To Mexico As New Soviet Ambassador

The picture above, just received in Victoria from Mexico City, was taken on the arrival there of Alexander Makar, who has succeeded Madame Kollontay, the only woman ambassador in the world, as Soviet Ambassador to Mexico. With M. Makar is shown his wife. The new envoy is expected to soft-pedal the Bolshevik doctrines that recently so aroused the Mexican Government.

## SCHOOL TRUSTEES OFFER CONVINCING ARGUMENTS FOR TECHNICAL SCHOOL

Convincing facts and figures were presented as arguments in favor of the proposed technical school for Victoria by School Trustees George Jay and John L. Beckwith at a well-attended meeting of Spring Ridge ratepayers in the George Jay School last night.

Both Mr. Jay and Mr. Beckwith gave detailed information of the proposal before the ratepayers Thursday. It was pointed out that to build a technical school would cost little more than building an addition to the Victoria High School, which would otherwise have to be done very shortly to relieve the overcrowded condition in that building at the present time.

There were already over 200 extra students at the High School and within the next two years it was expected that an increased number would be seeking admission. If the technical school were built, however, 500 pupils now at the Victoria High School would be able to move into it, as the new school would really be five-in-one for in it would be contained the commercial classes, the technical classes, home economics, music and applied art.

## LITTLE CHANGE IN CITY BUDGET

Additions of \$7,000 and Sub-  
tractions of \$6,310 Made  
By Council Last Night

Little change was made in the total sum asked in the fifth estimates review by the City Council last night when \$7,000 was added for various votes, and \$6,310 cut from existing details. The council added \$6,000 to take care of an increased grant to the Jubilee Hospital, on the basis of \$36,000 for the year 1928, and put back \$1,000 of a \$2,000 cut formerly made in the maintenance of the Old Men's Home.

Aldermen E. S. Woodward and James Adam told the council they had found a condition at the Old Men's Home that was not creditable to the city, and as a result of which new mattresses and bedding had had to be provided without delay. The Home had been invested with vermin, stated Alderman Woodward, but stringent measures have been taken under the new management to remedy the problem. Instead of the \$14,000 voted last week, \$15,000 would be required, he said, and the addition was made.

The council cut \$310 from miscellaneous votes in the board of health appropriation: \$300 from miscellaneous votes, \$500 from special grants, \$5,000 from the general contingent vote of \$10,000 asked this year, and tabled a number of items for further review.

In the estimates this year is the sum of \$9,470, agreed on by the council of 1927 for engineering advice in the construction of the Ogden Point elevator. A vote of \$5,000 asked for repairs and improvements at the Willow grounds was tabled, on the statement of Alderman H. O. Litchfield, who said he would ascertain what work was required at the site this year. Eight buildings there were in need of painting, and other work was also desirable, he believed. At 11 p.m., the council rose for the night.

Believed Fitzmaurice of Irish

Bremen, New York-bound,  
Held in Ireland By Wet Field  
and Stormy Weather

Dublin, April 3.—A soggy, wet field and unfavorable weather held the German monoplane Bremen in its hangar at the Baldonnel aerodrome near here to-day while the belief grew there had been some hitch in the fliers' plans for a flight to New York.

Arthur Spindler, who had come in the plane from Germany as co-pilot, left Dublin, and it was thought Colonel James Fitzmaurice head of the Irish Free State Air Force, would replace him at the controls when the transatlantic hop was started.

## MAN ON TRIAL SAYS HE ACTED FOR THE POLICE

Case Which Caused Sus-  
pension of Sergeant Heard  
in Vancouver

Vancouver, April 3.—Allegation of the accused that he had taken part in the offence with which he was charged under the instructions of Sergeant John Robertson for the purpose of obtaining a conviction against a man named Fraser featured the evidence of prosecution witnesses here to-day in the case of Ray Gilmore, charged with burglary and retaining stolen property. With a number of witnesses still to be heard, the trial is proceeding this afternoon.

Charges made by Gilmore, who is also known as James Elin and George Arthur, on March 7 and March 15 resulted in his suspension of Sergeant Robertson from the police force of Vancouver pending investigation.

OBJECTION VOICED  
Charles Arnold, counsel for Gilmore, raised a strenuous objection to alleged statements of the accused being admitted as evidence, contending it was a matter of public policy as the man was working under police instructions.

City Prosecutor W. McKay contended that it was shown no promise or threat had been made by the police the statements were admissible.

Mr. Arnold demanded the right to examine the prosecution witnesses before the alleged statements were (Concluded on page 15)

## BUREAU OUT TO RESTORE GRANT

Committee to Ask Council to  
Cancel \$3,000 Reduction

Strong protest against the \$3,000 cut made by the City Council in the annual grant for the Victoria and Island Publicity Bureau was made at the luncheon meeting of the board of directors held at the Chamber of Commerce to-day.

David Leeming, president, and R. H. B. Ker were appointed a committee to interview the council with a view to having the grant made the same as in previous years. It was pointed out by Mr. Leeming that the local bureau was one of the most economically operated on the coast.

R. H. B. Ker stated that in Vancouver the City Council had increased the mill rate for this year and had also increased the annual grant to the publicity bureau.

Mr. Leeming also told the members that the proposal to cut the Publicity Bureau's grant was proving very unpopular with the business men of the city.

TO INVITE COUNCILLORS  
In an effort to educate them in the work carried out by the Publicity Bureau members of the councils of the adjoining municipalities will be invited to attend the regular luncheons of the board of directors.

The Commissioner and Mayor J. Carl Fendray were appointed a committee to attend a meeting in Seattle on April 12 to complete arrangements for the Redwood Empire Pacific Coast International Caravan which will leave San Francisco on April 23 and proceed north to British Columbia points, arriving in Victoria around the middle of May.

Major H. C. Holmes was appointed to represent the Publicity Bureau along with the committees from the Automobile Club of British Columbia and the Victoria Chamber of Commerce in the effort to have the Provincial Government move the wharf at Mill Bay where the Mill Bay ferry at present lands. An attempt is made to have the wharf moved to a point that saves about a mile and a half.

It was decided by the directors to spend \$500 on advertising in Central Washington.

## 230 CANTON COMMUNISTS EXECUTED AND PLAN FOR UPRISING THERE CRUSHED

Fourteen-year-old Street Urchin Given Credit for In-  
forming City Leaders and Preventing Great Blood-  
shed Similar to Slaughter of Last December; Arrests  
Total 463; Grenades, Rifles, Ammunition and 25,000  
Red Neckties Seized

Canton, China, April 3.—A fourteen-year-old street urchin to-day was credited with having saved Canton from further bloodshed through a communist uprising.

He informed the city officials the Reds were intending to precipitate an uprising similar to that of last December, when they seized control of the city, held it for a few days and were ousted after a large loss of life. Under the leadership of the youth, the police were shown eighteen Red strongholds. Raiding these, the officers arrested 463 communists.

Two hundred and thirty persons, including eight women, were executed. The victims died gladly, saying ten more Reds would rise up where one was shot down.

Large quantities of communist literature were confiscated by the police in the strongholds, along with grenades, arms and ammunition. Twenty-five thousand red neckties, similar to those worn in the December uprising by the Communists, were seized.

The youth said he had learned of the Communists' plans from overhearing groups of them talking in the streets. The Reds openly predicted the downfall of the Government and threatened to use the torch to precipitate trouble.

The Government is uneasy and martial law has been in effect for some time, but the loyalty of the troops is doubtful. The Government asserts Russians were active behind the scenes in preparing for the uprising.

NO SALARY  
RAISE, SAY  
ALDERMEN

Alderman William Marchant  
Defeated in Lone Stand For  
Recognition

There will be no raise in aldermanic salaries this year. Despite a lone-hand defence of the need of raising the allowances received by City Fathers, made by Alderman William Marchant, the City Council last night went on record as being unalterably opposed to any raise in the \$25 per month allowance provided for each alderman. The action came on the heels of a letter of complaint from the Real Estate Board.

In response to the council it should be stated that a salary increase had at no time been considered, stated Alderman J. B. Clearhouse.

He could not conscientiously raise his own salary at the same time as raising the mill rate, was the way it was put by Alderman R. A. C. Dewar.

Alderman J. L. Hara took the same stand, claiming the Real Estate Board's intimation as premature.

Alderman James Adam said he would oppose any salary raise for the aldermen while a thirteen-alderman garbage collection system was in force.

Rising in the face of heavy odds, Alderman William Marchant presented a reasoned case for aldermanic increases. Thirty years ago it had been said that an alderman's salary was the same as a Chinaman's wage with \$5 additional. To-day the Chinese got \$1,000 a year, while aldermen received \$400. Federal seasonal indemnities in the same period had risen from \$2,500 to \$4,000, and Provincial to \$2,000. The Mayor's stipend had been raised by the city from \$2,000 to \$4,000 in the same period.

It was not fair to say that taxation was higher to-day in the city than in pre-war days, continued Mr. Marchant. Then the assessment had been \$60,000,000 and the tax rate twenty mills. Now the assessment was \$34,000,000 and the tax rate thirty-eight mills. The city was not asking a dollar more from (Concluded on page 15)

## EX-EMPRESS OF AUSTRIA IS ILL

Arson Charges Are  
Heard in Montreal

Quebec, April 3.—More than three months after one of the worst catastrophes in the history of Quebec, Arthur Antonio Bedard, twenty-one, of this city, was arraigned before Judge P. A. Choquette in the court of sessions to-day and charged with arson in connection with the fires at the Hospice St. Charles and St. Berchman's Academy on December 15 and 16, 1927.

Bedard pleaded not guilty to-day and was remanded without bail until April 5.

Thirty lives were lost in the St. Charles fire.

## CHOLERA KILLS SEVEN IN SHIP

Singapore, April 3.—With 780 Japanese emigrants bound for South America aboard, the Japanese steamship Hawaii Maru to-day returned to Singapore and Burea's grant was proving very unpopular with the business men of the city.

An outbreak of cholera in the vessel. Seven persons aboard the ship died from the disease and eleven are under treatment, one of them being a first-class passenger.

Hendaye, Franco-Spanish Frontier, April 3.—Zita Hapsburg, former Empress of Austria, lies seriously ill, following an operation in a San Sebastian, Spain, clinic, according to uncensored advices from that city.

## NO CONTROL OF TOMATOES THIS YEAR PLANNED

Law Will Not Be Introduced  
Unless Home Industry Wants  
It, Says Barrow

Growers of Mainland Reject  
Scheme While Island Group  
Is Divided

All possibility of tomatoes coming under the operations of the B.C. Produce Market Act seemed to have disappeared to-day, following the rejection of this move by mainland growers, and the announcement of Hon. E. D. Barrow, Minister of Agriculture, that the growers must be virtually all behind this move before it would be undertaken.

While amendments to the Marketing Act passed at the last session of the Legislature, extend it to all mainland vegetables, the interior committee of direction will not seek to control tomatoes unless tomato growers favor this idea, the Minister said.

"The growers have got to be behind it before the law will be brought into effect among them," Mr. Barrow declared definitely. "I have not been advised officially of the attitude of the island or the Mainland tomato growers, but unless they can come to an agreement which embraces virtually all the industry, tomatoes will not be controlled."

GROWERS DIVIDED  
An agreement like that outlined by Mr. Barrow appeared beyond all possibility, as Island growers are divided into two opposing camps on the control issue, and Mainland growers are definitely against control this season. While the Minister would not comment on the probable action of the growers, it was generally accepted that there would be no control of tomatoes.

PLANS APPOINTMENT  
Appointment of a committee of direction to control the berry output of the Fraser Valley will not be made by the Government for a week or so, Mr. Barrow stated.

"The matter must be given careful consideration," the Minister said. "The appointment of the Government's representative on the committee will not be delayed unduly, however," he added, indicating that the appointment would probably be made next week.

Control of game fish in British Columbia may be transferred from the Province to the Dominion as a result of preliminary moves made here. Following the passage of legislation enabling the Government to take this action, negotiations looking to the transfer of fishery control are expected to get under way after the prorogation of Parliament. Under the recent Game Act Amendments, the Provincial Government is empowered to bring this change into effect by proclamation after reaching an agreement with the Federal authorities.

This move was started on the advice of game organizations, which favor Federal control of game fish. Whether the Federal Government will be prepared to assume this control is not known here. The matter is under consideration at the same time as control of commercial fishing, which is the subject of important proceedings before the Canadian Supreme Court by these proceedings, relating to the licensing of canneries, involve the right of the Dominion to control canning operations and thus in effect fishing operations on this coast.

Ottawa, April 3.—The following statement was given out to-day by H. Dorsey Newson, in charge of the United States Legation here in the absence of William Phillips, the Minister: "The Ottawa Building Company Limited at 98-104 Wellington Street has been acquired by the Government of the United States for the purpose of constructing a building to house the offices of the various Government departments in the Capital. These offices include those of the Minister and his staff, the commercial attaché of the Legation and the Consul-General, including the visa and immigration section of that office."

"Upon the termination of the existing leases, it is contemplated the two brick buildings now standing on the property will be removed and a handsome new edifice erected."

## Plane Ambulance Used in Manitoba

Winnipeg, April 3.—An aeroplane was called into service as an ambulance to-day to bring a miner out of the northern mining field to a local hospital. The man is reported to have broken his legs as the result of an accident.

J. H. Holley, senior pilot of the Western Canada Airways Limited, left the St. Charles flying field just before noon for the Ora Grande Mine, where the accident occurred.

The plane is expected to be back in the city with its patient some time this afternoon. The return trip is approximately 200 miles.

#### GOOD FRIDAY

To the Editor:—As I have been asked to write a few words to your paper on the keeping of Good Friday, I hope you will be kind enough to publish this, though indeed I could wish some able pen than mine would have done so. We all really know what happened on this day. What a wonderful redemption price was paid upon the Cross by the most innocent, the most Holy Son of God, and can we turn aside from that night on Good Friday and seek our own pleasure, could we possibly find it pleasure to forget the Christ who hung upon the Cross? Surely men will try to spend a little time at the foot of the Cross. We can at least thank Him for His unspokeable love. Give Him some sympathy and devotion. Bring our "Amen" to the "three hours service" will be held, commemorating those hours on the Cross. Again at 8 o'clock there are services. We can all find a way, as long as we have the desire. The Mission at the Kings Hall will still be going on at 8 p.m. O. may more human hearts be laid in loving devotion at the foot of the Cross this day, and all its days, and we shall go on our way rejoicing.

### MIAMI SHOWS HOW TO PRUNE CITY TAXATION

Miami, Florida, April 3.—A total reduction in operating expenses of the city of Miami, Florida, since July of 1927, of \$729,638.02, of which \$544,000 is a net saving, has been made, according to A. Snow, city manager, announced yesterday.

The reduction amounts to 15.28 per cent of the 1927-28 budget. In an analysis of the saving made by L. J. Griffin, city finance director, it was shown that the original budget of \$2,427,757 was reduced up to March 1 in the sum of \$401,032. This was brought about last fall by a 10 per cent reduction in all departmental appropriations by Mr. Snow's order.

"With the additional reduction that we made on March 15 of \$143,000, there will be a total net reduction for this year of \$544,017.02," the report said.

### Cumberland

Cumberland, April 3.—Court Bevan, A.O.F., initiated five candidates at their regular meeting last Wednesday evening. Following the lodge session the members of the ladies' lodge paid them a surprise visit, and served dainty refreshments.

T. A. Scott, manager for Canadian Universal Films, visited Cumberland last week end.

Miss Elsie Horwood left on Tuesday's train for Vancouver, en route to Prince George, accompanied by her two nephews, Keith and Lance Moffatt, who have been visiting their grandparents, Mr. and Mrs. F. Horwood, for the past two months. Miss Horwood will continue her journey to Prince George via the P.G.E. Railway.

Walter Pearce left for Vancouver on Wednesday.

Mrs. Hugo and family of William's Lake are visiting Mrs. Hugo's parents, Mr. and Mrs. Hugh Miller, Minto.

Week-end visitors to Minto included Mr. Cyril Newman of Port Alberni and Ronald Gray and George Smith of Oyster River.

Mrs. Lora Baker, Provincial Field Director and Grand Supervisor of the Women's Benefit Association, was in town on Thursday for the purpose of instructing the lodge in the new work. Whilst there she was the guest of Mrs. V. Frelone.

Mrs. Clouda of Vancouver returned to her home on Thursday after spending a few days visiting her mother, Mrs. Benjamin Brown.

Mr. and Mrs. H. L. Collins are receiving congratulations on the birth of a son.

Arrangements for a tea and sale of work on Wednesday, April 4, have been made by the Ladies' Aid of St. George's United Church at their monthly meeting last Tuesday, at the home of the president, Mrs. G. K. MacNaughton.

Miss McLaughlin, Supervisor of Domestic Science, was a visitor to the Cumberland School during the week.

Mrs. E. H. Nunns left for Victoria on Thursday, where she will be the guest of her son, Rev. A. Del. Nunns, for some weeks.

Mrs. W. Woods, Mrs. S. Gough and children and Mrs. Berrey of Cumberland were visitors to Minto on Wednesday.

The Ladies' Bridge Club met at the home of Mrs. J. Dick on Friday afternoon. Four tables were in play, the prize winner being Mrs. G. W. Clinton. Mrs. Dick was assisted in serving tea by her sister, Mrs. Marshall of Courtenay. Those present included Mrs. W. H. Cope, Mrs. G. W. Clinton, Mrs. J. Eadie, Mrs. J. H. Cameron, Mrs. Shortt, Mrs. T. Mumford, Mrs. H. Bryan, Mrs. T. Graham, Mrs. A. Nunns, Mrs. J. Conway, Mrs. H. Murray, Mrs. L. Stevens, Mrs. E. R. Hicks, Mrs. G. K. MacNaughton, Miss F. Sehl, Miss Molly Tarbell and Miss Phyllis Burroughs.

Miss Sadie Brown was the guest of honor at a merry surprise party given by a number of her friends at her home last Friday evening. Games, music and dancing were enjoyed, and refreshments were served by Miss Owen Emily and Miss Jessie Brown. The Comox Redminton Club paid a return visit to Cumberland on Thursday evening, meeting the Cumberland players who visited them last week. A very enjoyable evening was spent, some very good games being played. Comox won by a score of nine games to

### B.C. PRODUCTS FORGING AHEAD

Evidence that British Columbia products are forging to the front is revealed in the request of the British Government for tenders from Pacific Milk to supply the British Navy, Army and Air Port Institutes at Mediterranean and Indian ports. If this tender is accepted it means that Pacific Milk will likely be placed in every Navy, Army and Air Port Institute in the British Government service, and as these institutes circle the globe, it means world-wide distribution.

By those who are acquainted with British Government methods "this request for further tenders from Pacific Milk is looked upon as an endorsement for Pacific Milk now supplies the British Navy, Army and Air Port Institutes at Shanghai, Hongkong and Singapore, and is under present contract to the British Government, delivering periodically large shipments. Largely increased business in Peru and other foreign countries has caused the Pacific Milk Company to lay plans for doubling the capacity of the Alibonford plant and by April 1 the Lander plant will be running to capacity. One feature of the increased business from Peru is that this demand has come to British Columbia in the presence of entrenched competition. Canned milk from California has long had an established market in Peru.

### MANHATTAN SNAPSHOTS

New York, April 3.—A vast fortune in jewels is left by guests in the hotel rooms of Manhattan each year.

And pretty close to 90 per cent of it gets back to its owners. A million dollars in gems alone found their way to the various property clerks. And there was a similar amount in stocks, bonds and actual cash. One visitor from a Middle West city left a \$25,000 string of pearls and a business man from Pennsylvania left \$50,000 worth of negotiable bonds in a wallet.

Hotel men tell me that the rush of getting about the city and of catching trains is to blame for the great percentage of such breaches of memory. There is something about New York's hectic swirl that soon produces absent-mindedness. A psychologist once told me that there are more absent-minded men in New York than in most of the nation put together. There are too many things on their minds.

Most Manhattanites forget names; and an almost equal number forget faces. The contacts with new faces and names come too fast for the average memory to record. Many of the most absent-minded find their way to the highest places, in spite of all the advertising to the contrary.

Dwight Morrow, widely acclaimed new ambassador to Mexico, had the reputation of being the most absent-minded man on Wall Street, yet he became a partner in the Morgan firm. The story is told of how one day he rang for his secretary. By the time the young man arrived for the Morrow engrossed with some papers on his desk. The secretary stood for a moment and then asked Morrow what he wanted.

"What are you doing there?" Morrow asked.

"You rang for me, sir. I thought perhaps—"

"Now did I?" asked Morrow. "What do you suppose I wanted you for? Well, come back in ten minutes and remind me that I want you again, will you, please."

There is still another of how Morrow found himself on the way to Philadelphia one afternoon. Arriving there he couldn't remember what he came for. He got on the telephone and called his wife in New York. She told him he was to make a speech at a big dinner that night, and then he recalled his engagement.

Pressure of too many things to do gets many of the New Yorkers that way. Concentration on big deals and big problems is another responsible factor. Men forget all but the immediate things before their minds. It is told of a certain important business man that his wife stepped into his office unexpectedly and waited for a moment, rather than disturb him. When the man looked from his papers and saw her standing there he inquired: "Is dinner nearly ready, dear?"

The hour was about three o'clock in the afternoon.

### BUSINESS- WOMEN WIVES

By OLIVE ROBERTS BARTON

Alice Foote McDougall, the woman who established and owns five of the most picturesque coffee houses in New York City, recently signed a twenty-year lease representing a rental of a million dollars.

She has written her own story of struggle, discouragement, bad luck, poor health, a dependent family and no capital, except an indomitable spirit and unusual ingenuity. It has been a hard, slow climb and those girls or women who contemplate business careers would do well to read it. For this, as any other of life's ventures that is worth while, is no primrose path.

We wonder if it isn't a good thing

perhaps for both men and women, that women are making the plunge into the business world on their own account. It will, without doubt, establish a spirit of understanding between them, that only experience can give. For women are discovering some of the things men are up against in business: the struggle, the discouragement, and all the things that Mrs. McDougall sets forth.

"Of course it is true that women are handicapped at this stage of the game because they are women. But after all, business ethics are the same, generally speaking, for men and women alike. Indeed in many cases, Mrs. McDougall admits that landlords and others "would have been twice as sharp with a man."

She adds, "In business everyone is out to grab, to fight to win. You are either the under dog or the top dog. It is up to you to be on top."

A woman who has had business experience of the type Mrs. McDougall speaks of, cannot help but understand the problems her husband has to contend with, if she marries. She will understand why he is silent at the dinner table, why he sits at the desk in the corner of the living-room and adds up figures on "stupid papers." Why he looks worried when household bills come in or when someone takes sick.

He will be more likely to tell her

about his affairs, the struggle he has to keep the intake over the output at the store, in order to keep the house going until he gets a good start, and all the rest of his problems, if he thinks she understands.

We wonder if women with business training and business experience are not going to make the best wives after all in more respects than one.

### WINNIPEG IS TO HAVE THREE BIG NEW BUILDINGS

Winnipeg, April 3.—Winnipeg's 1928 building programme has been given a decided impetus with the announcement of plans for the construction of three more business buildings in the downtown shopping section. The construction costs will be well above \$3,000,000. One will be a fifteen-story modern office building, to cost \$2,500,000. It will be built by eastern capitalists on an old landmark site at the corner of Main Street and Portage Avenue.

### Alberta Coal Board Starts Its Test Work

Edmonton, April 3.—The newly established board of standards on Alberta coal, whose objective it will be to see that only the best and most suitable types of coal are shipped to Ontario, held its first meeting here today.

R. G. Dinning, chairman of the board, presided, and I. A. Ellis, Ontario Fuel Commissioner, who is a member of the board, was also present.

After the meeting Mr. Ellis said: Any coal inferior to Drumheller,

either in cleanliness or storing properties, will not be acceptable on the Ontario market. From the viewpoint of the Ontario consumers it is essential that only the best grades be shipped, otherwise that market will not be available for Alberta coals. Every effort will be made at our end to advise the consumers just the class of coal from Alberta they are getting, and it is not our intention to support any low grade products shipped to Ontario without authority. We desire Alberta coals to secure a permanent market in Ontario and are convinced this can only be done in the way mentioned.

### Idle Period of Big Oshawa Factory Ends

Oshawa, Ont., April 3.—More than 3,000 employees of the General Motors of Canada returned to work yesterday following the strike of last week. The majority of the strikers seemed satisfied with the conditions.

Various meetings will be held this week to further the organization of the International Automobile Workers' Industrial Union. Practically all of the employees have signed applications and efforts will shortly be made to have all taxi and truck drivers join the union.

### MONTREAL CLUB HEARS RALSTON

Minister of Defence Talks of International Relations of Canada

Montreal, April 3.—Characterizing himself as "Minister for the Destruction of War," Hon. J. L. Ralston, Minister of National Defence, reviewed Canadian international relations in an address before the Montreal Canadian Club yesterday.

He laid emphasis on Canada's relations with the United States, declaring the two nations were parties to one of the most effective disarmament treaties ever signed, the Rush-Bagot Treaty, under which no military forces were maintained on the Great Lakes.

"And," he added, "although nothing is said about fortifications, there is a treaty equally effective in spirit, although evidenced by no written bond. This is a striking example to the world of the demilitarized zone, a situation which has been referred to by some one as 'war's neglected opportunity.'"

Colonel Ralston declared Canada could contribute toward the elimination of war and world disarmament through capitalizing its influence to cultivate the habit of consultation and discussion of international differences. He explained the responsibility for national defence involved two aspects.

First, the creation and maintenance of a service reasonably efficient and sufficient to defend by force the people's homes, trade and territory—in a word, the nation.

Second, the reduction and eventual elimination of the possibility of forcible attacks against the nation by the substitution of other methods than force for settling disputes between nations.

Mr. Ralston, who sat for one term as a member of the House of Commons, is now a member of the Legislative Council, the second chamber of the Quebec Legislature, to which he was appointed in 1919.

ALDERMEN ELECTED  
Twenty-eight of the former members of the council of Montreal will serve another term and seven new aldermen will take their places in that body.

Louis Rubenstein, nationally known sportsman, was re-elected alderman in St. Lawrence Ward.

MARTIN'S VOTE SHOWN  
Martin polled only 37,482 votes as compared with 58,173 for Houde. In the election two years ago Martin received 52,691 votes.

The citizens decided they wanted daylight saving. A referendum on the subject was held and those in favor of the advance of time rolled up a majority of 13,634. The vote was 47,727 for and 34,093 against.

WATER BOARD TO HEAR B.C. CASE  
Reclamation Application For Kootenay District Before International Commission

Washington, April 3.—Canadian members of the International Joint Commission arrived here last night for the regular semi-annual meeting of the body.

The Canadian section is headed by C. A. Magrath of Toronto. The other Canadian members are Sir William Hearst of Toronto, and Henry A. Powell, K.C., of St. John N.B.

After the semi-annual meeting the commission may hear the application of a Nelson, B.C. company for leave to drain 8,000 acres of land intended for agricultural purposes between the Kootenay River and Kootenay Lake, just north of the international boundary.

The commission heard this application in Nelson last Fall and adjourned the hearings until the United States section could obtain evidence to show what effect the reclamation scheme on the Canadian side would have on the level of the Kootenay River in Idaho.

It is unlikely the commission will proceed very far with the Nelson case at this hearing.

J. HANBURY DIED IN VANCOUVER  
Vancouver, April 3.—John Hanbury, aged seventy-two, president of the J. Hanbury Lumber Company, Limited, died at his home here early today following a lingering illness.

Recently Mr. Hanbury returned from California, where he had gone in an effort to regain his health.

He was born at Markdale, Ont., and came West to Brandon, Man., in 1881, opening a lumber mill there. In 1910 he moved to Vancouver and founded the J. Hanbury Company Limited, operating a large sawmill on False Creek.

Besides the widow, Mr. Hanbury is survived by six sons and three daughters, resident in Vancouver.

"Unseen Power" Aids Preacher In Smash  
New York, April 3.—John Roach Straton told his congregation at Calvary Baptist Church Sunday night that "unseen power" had snatched open the door of his automobile in an accident at Oklahoma City, March 23, saving the life of Mrs. Straton. He saw in the experience "evidence that there are angels watching over us."

"What else can I say in the light of experiences we passed through?" he asked. "The door of my automobile was snatched open by some unseen power, although it had been fast closed and locked, and the dear wife and faithful child of God who was at the wheel, were thrown out that door, which was thus miraculously opened, and so her life was saved."

The noted preacher said he prayed while standing on his head when the car overturned.

LITHUANIAN CONFERENCE  
Koenigsberg, April 3.—The conference between seven Lithuanian delegates, headed by Premier Waldemar, and seven representatives of Poland, terminated yesterday.

An agreement was entered into that the commissions charged with working out details for a future settlement will meet at Berlin April 23. The delegates met in a neutral city to settle vexed questions, which have caused much trouble between Poland and Lithuania, particularly the occupation of the city of Vilna by Poland. All of the questions involved were of a delicate nature and Premier Waldemar and Minister Zaleski and their advisers merely talked over the situation without anything definite being accomplished.

### C. HOUE ELECTED MONTREAL MAYOR

Mederic Martin, Chief Magistrate For Ten Years, Defeated

Montreal, April 3.—By an overwhelming majority of approximately 20,000 votes, Camillon Houde, formerly Conservative member of the Quebec Legislative Assembly for the St. Mary division of this city, yesterday was elected Mayor of Montreal. He defeated Mayor Mederic Martin, who had long been regarded as unbeatable.

The defeat of Mayor Martin was attributed to his stand on the Montreal water and power deal, which was the only outstanding issue in the campaign. Mr. Martin, in his campaign speeches, held the purchase of the company at \$14,000,000 was a bargain and criticized those who had blocked the deal and whose move resulted in a board of arbitration being appointed to value the company's assets. The board delivered its findings and the value of the company at \$15,500,000. Mr. Houde opposed the deal.

The new mayor led from the start and as the night wore on he increased his majority from 186 to the thousands.

MARTIN'S CAREER  
The election yesterday was the seventh majority contest in which Mederic Martin had been a candidate. He was elected mayor in the years 1914, 1916, 1918, 1921. In the year 1924 he was defeated by Charles Duquet, but came back in 1926 and was again chosen.

Mr. Martin, who sat for one term as a member of the House of Commons, is now a member of the Legislative Council, the second chamber of the Quebec Legislature, to which he was appointed in 1919.

### Jews to Colonize Siberian District

Moscow, April 3.—A Soviet Government decree granting the region of Buryat, Siberia, for Jewish land settlement will be published tomorrow in accordance with a decision of the Walk, central executive committee of the Government. The document envisages the possibility of "converting this territory into a Jewish national administrative unit." But it is not intended to compete with Palestine, the Jewish communist leader Tchernomirsky says. "While Palestine is an English colony with an Arab population, Buryat will be a Jewish Republic whose future will be connected with the victory of the proletarian class," he says.

### Viscount Trematon Was Injured And Companion Killed

Chalon-sur-Saone, April 3.—Viscount Trematon, heir of the Earl of Athlone and a nephew of Queen Mary, who was injured here in an automobile accident, was reported to be out of danger today. The Viscount was driving the car when it crashed into a tree. Kenneth Maddocks, a fellow student at Cambridge University, was killed.

CURRIE SUIT  
Port Hope, Ont., April 3.—General Sir Arthur Currie, commander of the Canadian Forces in France during the Great War, has obtained an order from the high court directing that W. T. R. Preston appear before the registrar of the Supreme Court of Ontario at Courthouse Thursday morning for examination. This action is the latest development in Sir Arthur's \$50,000 suit for alleged libel.

EIGHT MINERS KILLED  
Kesteven, W. Va., April 3.—An explosion in the No. 2 Mine of the Kesteven Coal and Coke Company yesterday took a toll of eight lives, the bodies of the lost victims, six in number, having been found huddled together last night in the far recesses of the workings. Two bodies had previously been recovered.

## COLONEL RALSTON AND PEACE

**MINISTER FOR THE DESTRUCTION**  
of War! This is how Colonel J. L. Ralston, Minister of National Defence, described himself in a speech to the Montreal Canadian Club yesterday. Miss MacPhail's idea was a Department of Peace; but perhaps Colonel Ralston's description of himself will suggest to the only woman member of the House that there already is a department energetically working for peace in spite of its military name.

Quite naturally Miss MacPhail's proposal has been laughed at by those to whom the business of developing the peace complex is not particularly attractive; the fact nevertheless remains that an interesting and by no means futile debate followed the introduction of it. Having attained at least some part of her objective she did not press the matter further. Colonel Ralston's reference to his department and peace no doubt will make up for any disappointment which Miss MacPhail may have experienced.

Whether the proposal from the member for Southeast Grey would have been of any practical benefit to the cause of peace or not, it has produced a number of extraordinary ideas about what Canada should or should not do, what it has or has not done, towards promoting cordial relations between the nations of the world. For instance, the morning paper's cynicism is obvious in the following: "... but then the whole attitude of the Canadian Government is one of peace. Its expenditure per capita on defensive purposes is negligible as compared with the same expenditure in other parts of the Empire. Its whole attitude on the subject of armaments is one of insouciance."

Is it not about time that the attitude of all governments should be one of peace? There are nearly sixty thousand tragic reasons under foreign soil in Europe why the Canadian Government should be thinking more about peace than building battle ships for another war. The Colonist says the attitude of peace which the Canadian Government is manifesting has made no impression on the British Empire or on the world. The person who is politically unbiased will take issue with that statement. He or she knows that nearly four thousand miles of unguarded frontier is evidence of how two peoples whose whole attitude is one of peace have lived side by side for more than a hundred years without fighting. Incidentally, everybody knows also that this enviable condition on the North American continent is being continually referred to as an example to the rest of the world. The peoples of Europe, of course, gaze at one another over fortress walls. The Canadian people naturally prefer to keep that sort of thing at a distance.

Fortunately for Canada jingoistic elements are making very little impression upon public opinion. Just a few public men and newspapers prefer to remain out of step in the march of progress. The Bourbon mind dies hard, but it dies just the same.

## A TARIFF ELECTION?

**THE BRITISH UNITED PRESS COR-**  
respondent in London is of the opinion that the Baldwin Government will make the tariff the principal plank in its general election platform. He sees two ways in which the Conservatives may go about it. One may be an appeal for authority to widen the operation of the Safeguarding of Industries Act by cutting out much of the laborious inquiry which now has to be made as soon as an industry applies for a measure of protection. The other is a blanket proposal of free trade within the Empire and a tariff against the rest of the world. It is thought this latter would sound well and capture the imagination of the voters.

There is no indication that Mr. Baldwin is going to stake one more throw on the tariff. When he made his famous Portsmouth pronouncement and brought on the 1923 election on a platform of imperial preference in respect of a few commodities, he was keeping a promise made to Mr. Bonar Law that he would not interfere with the tariff without permission from the electorate. It was a speculation that ended disastrously for the Conservative Government. Mr. Baldwin went back into power on the crimson wave of the Zinovieff letter and his House majority of more than two hundred has enabled him in the last three and a half years to do pretty much as his party desired. But the byelections of the last twelve months are an indication that public opinion is demanding a return to Liberal policies—the middle course.

Free trade within the Empire and a tariff against the rest of the world looks all right on paper. But no government, either British or Canadian or Australian, can compel the consumer to buy goods merely because they have been produced in a British country. Canadian apples, for instance, enter Britain without duty; the American apple would have

to pay to get in. So far, so good; but the point at which the interest of the consumer is kindled is the selling price. If the retail price of the Canadian apple is made to include the amount of the duty on the foreign apple, the consumer will have to pay the piper. This truth is as clear as a pikestaff to the British housewife. It was so in 1906 and again in 1923. There is nothing to indicate that it is not so now. Incidentally, how would free trade within the Empire strike our high protectionists?

## "GO NORTH, YOUNG MAN!"

**HON. VINCENT MASSEY, CANADA'S**  
Minister at Washington, has been telling the young men of San Francisco to "go North." "The spreading North," he said in an address to the Commonwealth Club, "is the only boundary we have."

Young and middle-aged Americans have been coming North in increasing numbers during the last few years, and if Hon. Robert Forke's estimate of this year's movement turns out to be right, our farming population will be very considerably added to. Not only are American citizens coming North, however, thousands of former Canadians who have lived in the United States more than six months are answering the call of their own country.

As Mr. Massey says, "Canada is thinking in terms of northwestern development," and "we are now growing wheat within 500 miles of the Arctic circle." Our own people, particularly the youth of the country, should turn their gaze northwards. In British Columbia there is a tremendously fertile empire virtually in the centre of the Province as yet little more than scratched over. These are the areas we must develop; and when we do, many of the problems which we occasionally allow to depress us would disappear.

Mr. Massey's advice to young Americans who are finding competition keen in their own country is sound, and Canada should benefit considerably as the gospel of "go North, young man!" sinks in.

## CHINESE THOROUGHNESS

**NOT SO LONG AGO QUALIFIED OB-**  
servers of conditions in China repeatedly declared that the Chinese would use the "red" elements, imported and native, as long as it suited their purpose and then deal with them with typical Chinese thoroughness. Hundreds of these disturbers have gone to their fathers in consequence and another batch has just been summarily "dismissed." The latest raid by Chinese police officers has broken up eighteen "red" strongholds and involved the arrest of 463 communists. Half of these, 230 the dispatch says, including eight women, have been executed.

Some people in this country would have sent Canadian troops to China to help to eliminate the "red" and put an end to what they told us was his work against the foreigner—more especially the British people and British interests. No doubt the action which Great Britain and other powers took was timely and exercised a salutary effect; but what has happened in the meantime ought to suggest to all the powers that the Chinese have a way of dealing with developments of which they do not approve that for promptitude and effect is in a class by itself.

British and foreign statesmen by this time no doubt are convinced that China will rub along in her own peculiar way until she creates a system of internal management which will command the respect and confidence of the rest of the world. It may be a rough and tortuous road; much more blood probably will be spilled. But if in a hundred years' time there shall grow up in that country of teeming millions a great Chinese democracy, its influence upon the people of the world in that day and generation should be worth such sacrifices which more than one nation may have to make in the meantime.

## WHAT OTHER PAPERS SAY

### FILM INFLUENCE

From The London Observer

To-day films have come to be the recognized means of broadcasting ideas. Since the war Soviet Russia has openly declared this to be the object of her own moving pictures—probably the finest ever made. The subtle influencing of the public mind is an inevitable and often deliberate function of the screen.

### BUT HE WAS CAUGHT

From The Calgary Herald

The Detroit News tells of a man in that city who was arrested for speeding and who claimed that he was hurrying home to his sick wife. The police investigated and found that he was not married. The Philadelphia Inquirer, commenting on this iniquitous behavior, says that it hopes they soaked him good and plenty. "Some of these bachelors," it declares, "want all the privileges of matrimony without any of the responsibilities."

### THE AMIR IN ENGLAND

From The New York Times

It is doubtful whether Afghanistan to-day is the source of anxiety to Great Britain that it was in the days when Kim and Strickland Pasha were busy along the great North Road. ... Still, it is hard to give up one of the most fascinating problems of the Victoria era, the two great empires facing each other in the Pamirs, where Adam Zeb walked like a man. On this point we shall have more food for speculation when the King of Afghanistan has terminated his British holiday. What will be his homeward itinerary? He came out of his country by way of Karachi in India. Is he going back by way of Moscow?

## TECHNICAL SCHOOL

To the Editor:—The apprenticeship system of teaching trades having now fallen largely into disuse, demands a substitute whereby budding artisans can acquire technical skill which modern factory conditions deny.

Machinery has now displaced handicraft to such an extent that an intelligent lad can operate a machine, and turn out as good work, with a few weeks or months at the most practice, as it formerly took years to learn how to produce by hand.

The result is that boys are just engaged in a manufacture as learners: subject to dismissal for incompetence, insubordination, or when work is slack, like regular hands. On the other side, they may make a living wage as soon as they are competent, instead of the microscopic amount of pocket money which the old apprentice earned until he reached the age of twenty-one years. Artistic pupils are given a course of training in first-class factories; but they are children of the well-to-do; and only get there by influence or money. The rank-and-file are relegated to a monotonous dead-end and it is for these that I now speak.

Our neighbors across the strait know the value of technical schools. They exist in all manufacturing centres of the United States. In Europe, all the Nordic countries have finely equipped schools, practically free to students. In Rotterdam recently I visited a school where were models of appliances in engineering and ship construction of which I myself had only read; and they were British and American inventions.

The boys from the day schools could look in whenever they liked; and join classes if they wished to. All this is to support the technical school idea. The next question is how to finance it?  
My answer is, to cut out a large number of the trills from the High School. What boy, for instance, knows a thing about botany after he has left the school? What girl cares to solve a problem in Euclid? Their knowledge of foreign languages gives me a pain—they are not even taught to speak English correctly. Now could not some of this waste be eliminated and the expense be diverted to proper technical training for those who desire it? The only good the costly stacks of books which the public pays for is the physical training the children get by carrying them between home and school, for a very small proportion of them know much of what is between the covers. When a child can read and write well and understands simple arithmetic, free education should end; but facilities provided for further advancement at a very cheap rate should supplement the primary training. That is why I advocate a technical school.

W. G. WINTERBURN,  
Member of Association of Professional Engineers of B.C.

## TECHNICAL SCHOOL BY-LAW

To the Editor:—Is not the situation, clearly, that our present High School is overcrowded, and that it is necessary to provide increased accommodation? Further, is it not a fact that if a Technical School is built, there will be no necessity for additional accommodation for High School purposes? If a Technical School is not provided, and a new High School becomes necessary, then we understand that the cost of such new building and equipment must be borne entirely by the city.

On the other hand, if a Technical School is built, the Provincial Government will pay 40 per cent. of the cost of construction, and 50 per cent. of the cost of equipment, and it will not be necessary to incur any expense for additional High School accommodation. Now, Mr. Editor, some of us spent our school days in an English school, which provided free education and free equipment of all kinds. The parents were not even obliged to buy cheap pencils and inferior books (at retail price), but everything was furnished free and of the best quality, from a central educational depot. In that old city we had a magnificent Technical School, which trained boys in all of the various trades and industries, and helped to keep pace with the growing need for technically trained men. With what result? There was an opening for every graduate of this Technical School, and industry grew to enormous proportions.

Perhaps Canada's greatest need to-day is for technically trained men and women. And is not Victoria's great need to-day "industry," which will absorb our young men and women? What is the mere cost of a Technical School compared with the advance of our city commercially? Every parent knows this fact too well, and will, we are sure, willingly provide the means for our boys and girls to get their training at home, which means they will not be obliged to go to the United States or to Vancouver to receive their training. Would any father or mother, who values home life, deliberately send their children of tender age to a large commercial city to receive the training which they can best receive at home, (except for our niggardiness), and deprive the "home town" of the young life which is so much needed to develop industry, to say nothing of the happiness and society of the home-life.

Mr. Editor, we are not satisfied to give our boys and girls in Victoria less than we received, thirty years ago, in an English city, and think the Technical School is much overdue.

We heartily support the Technical

School By-law and congratulate the School Board for its foresight. Never was a better project offered to the citizens, and we trust it will go over big.

### OPPOSED TO SALE OF WILD FLOWERS

Esquimalt I.O.D.E. Deplores Wanton Destruction of Lilies

Members of the Esquimalt Chapter, I.O.D.E., were asked at their monthly meeting yesterday to use their influence to prevent the wanton destruction of wild flowers, and it was suggested that they should refrain from patronizing stallholders in the market and others offering wild lilies for sale. The meeting was held in St. Paul's Parish Hall, with Mrs. F. R. Wright in the chair.

The secretary, Mrs. Ryley, and Mrs. Wright reported on the Municipal annual meeting. A donation of \$50 was voted to the Duke of Canaan's Canadian Hotel in London.

The graves committee will decorate the graves in the naval and military cemetery for Easter. All members and friends who can send flowers for this purpose are requested to send them on Saturday morning to the convenor, Mrs. Quinn, 470 Constance Avenue, or if that is not convenient Mrs. Quinn will call for the donations on receipt of a telephone message.

Mrs. R. P. Matheson was asked to undertake local work in connection with the Empire shopping week, April 2 to 28. Mrs. Booth for Child Welfare.

reported a silver tea and sale of cooking in which the Esquimalt Child Hygiene Council had raised funds towards their annual picnic. A programme had been provided by the local Browne pack.

Reporting for Girl Guides, Mrs. Matheson asked members to attend the review of Guides and Scouts by their Excellencies, Lord and Lady Willingdon, on April 14, in Beacon Hill Park. Also to reserve June 9 on which day the Guides' garden party will be held at Government House. A church parade had been held at St. Paul's Church in which Esquimalt Guides, Brownies and Boy Scouts had taken part last Sunday.

After the business meeting a delightful tea was served. Mrs. Booth and Mrs. Youngman being the hostesses. The table decorations were daffodils.

**Chapter to Meet**—The Valentine Harvey-Beaumont Boggs Chapter, I.O.D.E., will hold its monthly meeting tomorrow at 3 o'clock at the home of Mrs. F. J. Boughton, 548 Niagara Street.

**Hollywood Ladies' Aid**—The Ladies' Aid of the Hollywood Presbyterian Mission will meet at the home of Mrs. A. S. Denny, 1863 Crescent Road, on Thursday at 3 p.m.

**Metropolitan Ladies' Aid**—The Ladies' Aid of the Metropolitan Church will meet on Thursday this week, instead of Friday.

### VARSITY WOMEN'S CONFERENCE TO BE IN VANCOUVER

Clubs of Dominion to Be Represented at August Gathering

Vancouver, April 3—Canada holds the honor of being the third country to join the International Conference of University Women which, started by Great Britain and the United States, now has a membership of twenty-six countries. The Canadian conference, which is a unit of the international one, will meet in Vancouver on August 21, 22 and 23.

This conference meets every third year in the home city of the president, who for this session is Miss Bollett, dean of women at the University of British Columbia. It is interesting to note that all three of the major officers are local women. Mrs. R. W. Brock is publications secretary, while Mrs. A. F. B. Clark is corresponding secretary.

One of the outstanding achievements of the Canadian conference is to maintain a \$1,250 annual scholarship to a foreign country. Last year this was won by Miss Phyllis Gregory of this city. It will be the endeavor of this scholarship to award a second one, the first to be given in languages, history or philosophy, and the second in science.

The Canadian conference has a membership of 2,000 and comprises twenty-seven clubs of university women. Their work is to assist in educational work in the various communities. The representatives who will visit the city in August will hold their meetings in the Hotel Vancouver, and will welcome as guests all university women in the city.

A comprehensive social programme has been planned for the visiting members of the conference, many of whom are strangers to the city. On the first day a drive around the city and Stanley Park will be followed by a luncheon at the home of Mrs. J. W. deB. Farris. The following day a delightful garden luncheon has been planned by Mrs. R. W. Brock, which will be followed by a drive around Marine Drive and the inspection of the University. Tea will be served by members of the local Alumni Association. The third day will include a drive along the North Shore, and dinner at Whistler, where they will be the guests of the combined alumni associations. Several other entertainments are being considered, including a trip round the harbor and up Grouse Mountain.

Among the subjects of local interest to be discussed at the business sessions of the conference will be a research in the possibilities of women earning their way through university, which will be followed by a record of the progress of women's education in Canada, including short biographies of prominent and outstanding women.

### DANCE IN NEW PRINTING DEPT.

Provincial Government Department Hosts to Large Number at Formal Opening

Last evening marked an epoch in the history of the printing department of the Parliament Buildings when the handsome new building which the department will in future occupy at the corner of Government and Superior Streets was formally opened with a social and dance in which nearly 400 people participated.

The interior of the building is yet in an unfinished state but the large composing room with its splendid hardwood floor, an excellent place for dancing to the latest music supplied by Orford's orchestra. The decorations took the form of flags and bunting which were hung along the walls and draped on the imposing marble pillars. One of the large office rooms where a buffet supper was served was also decorated with flags and the tables were attractive with masses of Spring flowers.

During the evening vocal solos were rendered by Miss Marchant, a recitation was given by Miss Winnie White, and George Ingledew entertained with a song. The energetic committee in charge of the "house-warming" dance, who deserve the greatest credit for the way in which it was staged, included John Fisher, convenor, Miss Holmes, Messrs. Baile, Hopper, C. F. Banfield, T. Simmons, W. Wilson, J. H. Colbert and H. Brady. Miss Marchant, Miss Hammond, Miss Smith, J. Wiley and W. Wilson were responsible for the attractive decoration scheme.

Among the many guests were Hon. A. M. Manson, Attorney-General, B.C. and Mr. Manson, Charles F. Banfield, King's printer and Mrs. Banfield, H. Whitaker, the architect of the new building, H. Taylor, the contractor of the lighting system; A. H. Cox, Civil Service Commissioner, and Mrs. Cox; J. E. Umbach, surveyor-general, and Mrs. Umbach, and Mr. and Mrs. J. L. White. Several out-of-town visitors were also noticed among the guests.

The affair was under the auspices of the Civil Service Association, and officials of the King's Printing Department received the guests.

**Choir Gave Concert**—An excellent concert was given on Friday evening last before an appreciative audience by the ladies' choir of Primrose Lodge No. 32, Daughters and Maids of England, under the leadership of Mrs. Louise Shrimpton, assisted by well-known artists of the city. The programme included "O Canada," ladies' choir; pianoforte solo, Miss E. McKenzie; songs, Miss L. White; part song, choir; songs, Mrs. Jones; dance, Bubby Stevens, pupil of Mrs. Cackill; song, Mr. B. Frith; double quartette, by members of the choir; songs, Mrs. Stanley Shrimpton; songs, Mrs. E. Holt; songs, Mr. J. O'Connor; recitation, Mrs. Morris; songs, Mrs. Hall; duet, Mrs. E. Holt and Mrs. S. Shrimpton; part song, choir; duet, Mrs. Jackson and Mr. Bailey; part song, choir; dance, by pupils of Miss Clough; part song, choir. The accompaniment was in the capable hands of Mrs. E. Holt and Miss E. McKenzie.

Spencer, clothing; Mrs. Clarke, cake and sandwiches; Dr. Bryant, Colanist and Times.

### LEADING WOMAN EDUCATIONIST TO VISIT CITY

Miss Addison, Dean of Women of Victoria College, Toronto, Coming Thursday

University women in the city, particularly former students of Toronto University, are looking forward with much interest to the pending visit of Miss M. E. T. Addison, Dean of Women of Victoria College, Toronto, who is expected in the city on Thursday. Miss Addison is visiting the West for the first time for the purpose of studying western educational institutions.

For twenty-one years, first as Dean of Residence, and later in the capacity of Dean of Women, Miss Addison has occupied a position which gives her an official relationship not merely with the residents of Annesley Hall, but with all women of Victoria College, numbering over 200.

As the young daughter of Rev. Peter Addison, a Methodist minister, who changed his pastorate every three years, she went to school in various places in her native province of Ontario.

From high school she entered Victoria College, Cobourg, where she took her Bachelor of Arts degree, graduating in 1899. At the university she graduated in modern languages and philosophy. Prior to being Dean of Women, Miss Addison taught in some of the schools in Ontario, and was a member of the Victoria Collegiate Institute and in Lindsay Collegiate Institute.

Conservative Women Met—The regular business meeting of the Victoria Women's Conservative Association took place last evening with Miss Bowron, the president, in the chair. An invitation was extended to the members from the Cowichan Women's Conservative Club to attend a reception in honor of Mrs. Tolmie and Mrs. Pooley on Friday, April 13. Several of the members brought up questions for a two-minute discussion. Mrs. Mackenzie acting as timekeeper. Among the subjects brought forward were: If war films were helpful to the public; Immigration: Women in the Senate; Mothers' Pension Act; Canadian Trade; the Financial Position of B.C. and many other interesting subjects. It was decided to hold a card party on April 16 under the convenship of Miss E. Vantreight.

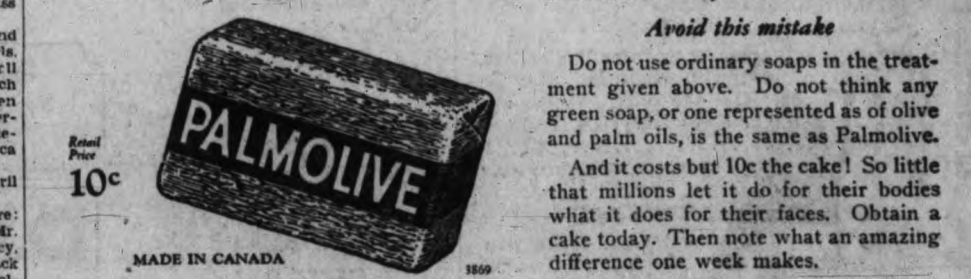

## Stay Young with Your Daughter

As scores of mothers do by keeping that schoolgirl complexion, the result of natural ways in skin care. The daily rule to follow:

THE present generation recognizes charm only in Youth; with every daughter wishing, in her heart, for her mother to retain, above all things, her youthful allure.

Most mothers know how true that is. And those who are wise in modern beauty methods know too that natural ways in skin care are the most effective known for holding back the hands of time.

That means soap and water—a clean skin, pores cleansed regularly of age-inviting accumulations. Beauty experts advise it. Skin specialists urge it—but always, of course, with the Right Kind of Soap. That is the important point.

## Your Baby and Mine

By MYRTLE MEYER ELDER

### SOME FREQUENT QUESTIONS ANSWERED

Q. Is J. R. P. writes: "Is it all right for a prospective mother to house-clean a seven-roomed house? Is such work more harmful to her or any month?"

A. A prospective mother should not undertake to house-clean a large house. Vigorous work, and especially work which is unusual, should not be carried on at this time. I don't think there is any great difference in the danger at any certain month, perhaps one slighter danger before the birth of the fourth month.

Q. J. K. B. writes: "If one is pregnant, when do the periods cease?"

A. The first indication that one is pregnant is the cessation of the period. Its continuance is abnormal.

Q. PREPARATIONS FOR CONFINEMENT

In preparing to go to the hospital one first of all selects the hospital most favored by one's doctor and then selects a room and names a date upon which the room will be needed.

At that time, ask the person in charge what you are expected to bring with you for the baby. No one can answer this question except the person in charge at any particular hospital, as each hospital differs in its requirements.

In preparing for the event at home one must ask one's doctor what he wants you to provide. Many doctors carry obstetrical bags which contain all the necessities. Some may want you to have a long list of supplies. One must do as the doctor dictates.

Ordinarily the following will be seen in the mother through: Plenty of sheets and pillow cases, sterilized by baking. Several packages of sterile pads, or the pads made at home and sterilized by steaming or baking. (Sometimes the doctor will lend you his sterilizer for a day or so.) An oilcloth pad, or rubber sheet, to protect the bed. Loads and loads of newspapers. A jar, two wash basins, a granite or porcelain pitcher, douche bag, hot water bag, thermometer and bed pan.

The mother will take to the hospital plenty of gowns for herself, kimono and slippers. All of her toilet articles and a dress suitable for the home coming. When in doubt ask your doctor, or the hospital to which you are going, or the nurse you have engaged. They are all more than willing to be helpful.

## The "CANARY" MURDER CASE

By S. S. VAN DINE

Author of "The Benson Murder Case"

I heard Vance chuckle softly; and I myself could hardly suppress a smile at Markham's verbose and oratorical accusation. But Doctor Lindquist, it seemed, was in no way disconcerted. Assuming an air of beguiling pensiveness, he said:

"I will confess, in the interests of strict accuracy, that during my somewhat protracted treatment of her case, I came to regard the young woman with a certain—shall I say, fatherly liking? But I doubt if she was even aware of this mild sentiment on my part."

The corners of Vance's mouth twitched slightly. He was sitting with drooping eyes, watching the doctor with a look of studious amusement.

"And she never at any time told you of any private or personal affairs that were causing her anxiety?" persisted Markham.

Doctor Lindquist pyramided his fingers, and appeared to give the question his undivided thought.

"No, I can't recall a single statement of that nature." His words were measured and urbane. "I know, naturally, in a general way, her manner, but the details, you will readily perceive, were wholly outside my province as a medical consultant. The disorganization of her nerves was due—so my diagnosis led me to conclude—to late hours, excitement, irregular and rich eating—what, I believe, is referred to vulgarly as going the pace. The modern woman, in this feeble age, sir—"

"When did you see her last, may I ask?" Markham interrupted impatiently.

The doctor made a pantomime of eloquent surprise.

"When did I see her last? Let me see. . . ."

"He could, apparently, recall the occasion only with considerable difficulty. 'A fortnight ago, perhaps. I thought it may have been longer. I really can't recall. . . . Shall I refer to my files?'"

"That won't be necessary," said Markham. He paused, and regarded the doctor with a look of disarming affability. And was this last visit a paternal or merely a professional one?

"Professional, of course," Doctor Lindquist's eyes were impassive and only mildly interested, but his practice, it felt, was by no means the unadorned reflection of his thoughts.

"Did the meeting take place here or at her apartment?"

"I believe I called on her at her home."

"You called on her a great deal, doctor—so I am informed—and at rather unconventional hours. . . . Is this entirely in accord with your practice of seeing patients only by appointment?"

Markham's tone was pleasant, but from the nature of his question I knew that he was decidedly irritated by the man's bland hypocrisy, and felt that he was deliberately withholding relevant information.

Before Doctor Lindquist could reply, however, the butler appeared at the door and silently indicated an extension telephone on a table beside the desk. With an unctuously murmured apology, the doctor turned and lifted the receiver.

Vance took advantage of this opportunity to scribble something on a piece of paper and pass it surreptitiously to Markham.

His call completed, Doctor Lindquist drew himself up haughtily, and faced Markham with chilling scorn.

"Is it the function of the district attorney," he asked distantly, "to harass respectable physicians with insulting questions? I did not know that it was illegal—or even original, for that matter—for a doctor to visit his patients."

"I am not discussing now," Markham emphasized the advertisement "your infractions of the law; but since you suggest a possibility which, I assure you, was not in my mind, would you be good enough to tell me—merely as

a matter of form—where you were last night between eleven and twelve?"

The question produced a startling effect. Doctor Lindquist became suddenly like a taut, drawn rope, and, rising slowly and stiffly, he glared, with cold intense venom, at the district attorney. His velvety mask had fallen off; and I detected another emotion beneath his repressed anger; his expression cloaked a fear, and his wrath but partly veiled a passionate uncertainty.

"My whereabouts last night is of no concern of yours," he spoke with great effort, his breath coming and going noisily.

Markham waited, apparently unmoved, his eyes riveted on the trembling man before him. The calm scrutiny completely broke down the other's self-control.

"What do you mean by forcing yourself in here with your contemptible insinuations?" he shouted. His face, now livid and mottled, was hideously contorted; his hands made spasmodic movements; and his whole body shook as with a tremor. "Get out of here—now and your two myrmidons! Get out, before I have you thrown out!"

Markham, himself enraged now, was about to reply, when Vance took him by the arm.

"The doctor is gently hinting that we go," he said. And with amazing swiftness he spun Markham round, and led him firmly out of the room.

When we were again in the tabac on our way back to the club, Vance sniggered gaily.

"A sweet specimen, that! Paranoia. Or, more likely, manic-depressive insanity—the folie circulaire type: recurring periods of maniacal excitement alternating with periods of the clearest apathy, don't you know. Anyway, the doctor's disorder belongs in the category of psychoses—associated with the maturation or waning of the sexual instinct. He's just the right age, too. Neurotic degenerate—that's what his only Hippocrates is. In another minute he would have attacked you. . . . My word! It's a good thing I came to the rescue. Such chaps are about as safe as rattlesnakes."

### CHAPTER XIX

Vance shook his head in a mock discouragement.

"Really, you know, Markham, old time," he added, "you should study the cranial indications of your fellow men more carefully. Did you, by any chance, note the gentleman's wide rectangular forehead, his irregular eyebrows and pale luminous eyes, and his outstanding ears with their thin upper rims, their pointed tragi and split lobes?"

"A clever devil, this Ambrósio—but a moral imbecile. Beware of those pseudopersonal faces, Markham; leave their Apollonian Greek suggestiveness to misunderstood women."

"I wonder what he really knows?" Stammered Markham irritably.

"Oh, he knows something—rest assured of that! And if only we knew it, too, we'd be considerably further along in the investigation. Furthermore, the information he is hiding is somewhat unpleasantly connected with himself. His euphoria is a bit shaken, his frightfully overdid the grand manner; his valetudinary fulmination was the true expression of his feeling toward us."

"Yes," agreed Markham. "That question about last night acted like a petard. What prompted you to suggest my asking it?"

"A number of things—his gratuitous and obviously mendacious statement that he had just read of the murder; his wholly insincere homily on the sacredness of professional confidences; the cautious and peckaniffian confession of his fatherly regard for the girl; his elaborate struggle to remember when he had last seen her—this particularly, I think, made me suspicious. And then, the 'psychopathic' indications of his physiognomy."

## CHAPTER AGAIN TO STAGE GARDEN FETE AT HATLEY PARK

Mrs. Dunsmuir has kindly consented to allow the use of the beautiful grounds at Hatley Park for the annual garden party under the auspices of the Florence Nightingale Chapter, I.O.D.E., which was stated at yesterday's meeting of the chapter. The regent, Mrs. F. J. Hall, presided.

The recent bazaar had been very successful in spite of the inclement weather and a donation of \$10 from Mrs. Dunsmuir helped to augment the total. Mrs. F. J. Hall was appointed the chapter's delegate to the provincial meeting to be held in Vancouver, April 18 and 19.

Mrs. Jones reported twenty-seven cups and saucers for the T.B. Ward, Jubilee Hospital, had already been donated and it was hoped soon to have enough for all the patients. It was decided to continue the \$10 to secondary education.

Various members of the chapter had served tea to the T.B. patients last month, notably on St. Patrick's Day, when favors were also given. The patients were much pleased with their radio and the members thanked Mrs. O. B. Ormond for her year's contribution of \$5 towards the radio fund.

Mrs. Rhodes appealed to the chapter to help tag on Saturday for the hospital, and Mrs. Catterall arranged bagging for that day.

It was decided to hold a home cooking sale every month. Mrs. Hall and Mrs. Gregson to convene the one to be held at the end of this month.

A very successful silver tea was held during the meeting at which Mrs. McCaw, accompanied by Mrs. Matthews,

and Mrs. Shaw, accompanied by Mrs. Deaville, delighted the members with songs. Mrs. Melish and Mrs. Jones served a delicious tea.

St. Martin's Guild — The Ladies' Guild of St. Martin's-in-the-Fields will hold their regular meeting in the church hall on Wednesday, April 4, at 2.30 p.m.

Sooke Sale Postponed.—The silver tea and plant sale which was to take place Friday, April 6, under the auspices of the Sooke and North Sooke Women's Institute has been postponed to Friday, April 13.

Lady Douglas Chapter.—The monthly meeting of the Lady Douglas Chapter, I.O.D.E., will be held on Thursday at 2.30 in the Victoria clubroom.

## SPRING FLOWER SHOW ARRANGED

Metochosin Women's Institute Plans For Big Display on April 13

Metochosin, April 3.—The Metochosin Women's Institute has completed all arrangements for the annual Spring bulb and flower show to be held in Metochosin Hall Friday, April 13. All entries are admitted free, and must be made before noon on that day. Judging will commence at 1 p.m., with John Hutchison judge of all but the children's classes. These will be judged by the Rev. W. Gemmill.

In-out classes first, second and third prize cards will be given. C. E. Whitney-Griffith will give a special prize for the best exhibit of daffodils, and Mrs. E. P. Matthews will give the special prize for the best arranged collection of Spring flowers. Lady Emily Walker has donated a prize for the best exhibit of narcissus and the one showing the miniature rock garden will get a fine collection of rock plants from the judge, Mr. Hutchison. Special prizes are to be awarded in all sections and the following are the donors: Department of Agriculture, four prizes; the Misses Milne, Mrs. A. Georgeson, Mrs. A. Taylor, Mrs. H. Jones, Mrs. R. D. Young, Mrs. W. Whitney-Griffith, A. D. Elwood, Mrs. F. P. Higgs, Mrs. J. Saltmarsh, Mrs. J. M. Milne, Mrs. H. Helgeson and Mrs. M. E. McVicker. The home cooking stall will be presided over by Mesdames Witty and Saltmarsh and the candy stall will be under the direction of Mrs. F. A. Pearce. Mrs. A. Georgeson is in charge of the tea room.

Anyone in the district is welcome to enter flowers in any of the classes. All flowers must be grown by the exhibitor in classes for table decoration and wild flowers. All boys and girls are invited to try for the prizes offered for best rustic hanging basket or best rustic bird house. Considerable interest centres in the last named contest, as buyers will be present in case any of the houses are for sale.

Metochosin, April 3.—There will be divine service at St. Mary's Church on Good Friday at 8 p.m., when Stainer's "Crucifixion" will be rendered by the combined choirs of Colwood and Langford, assisted by Albert Head and Metochosin. This service will also be given at Colwood Church on Tuesday evening at 8 p.m., when Rev. H. M. Bolton will take the service.

There will be a celebration of Holy Communion at St. Mary's Church on Easter Sunday, at 8 a.m., and morning service with Holy Communion at 11 a.m.

Jubilee Hospital W.A.—The regular sewing meeting of the Jubilee Hospital W.A. will be held in the Nurses' Home on Wednesday at 2 o'clock, when a full attendance is looked for.

## C.G.I.T. COUNCIL HELD MEETING

The C.G.I.T. Council was held on Saturday at the Temple Hall, a large number of girls and leaders being present. During supper a very interesting discussion period took place, the subject being "World Fellowship." Later the findings from this were read and proved both encouraging and profitable.

After supper Maquinn Daniels opened the meeting, and the business was soon dispatched. The devotional period which followed was very impressive, a number of girls taking turns in reading passages from the Bible. At the close of this period Miss Dorothy Urquhart gave an excellent report of the recent conference held in New Westminster, the president and herself being able representatives from Victoria. A pageant was then presented which the president announced was enacted by girls from various groups in the city. This, as it soon proved, was a splendid item, for the girls did their parts well and the idea was clearly manifested. "Peace" (Patty Pearce) was the presiding figure and read several passages as the girls appeared representing Canadians, immigrants, Hindus, Chinese, Japanese and Africans. The girls were meant to see that peace came all in a circle of world fellowship through Christ, regardless of race and color.

The meeting closed with the singing of "Taps" and the girls were reminded by Miss Deall to attend the Vesper services on Saturday, April 7, at the Y.W.C.A. building. All Canadian Girls in Training are urged to be present.

Local Council of Women.—Owing to next Monday being a public holiday, the monthly meeting of the Local Council of Women has been postponed until Monday, April 16.

It Lifts Your Spirit

By Edna Wallace Hopper

The vigor of a March wind carries you along with a light heart. Spring is approaching and the world seems gay and hopeful.

It's great for your spirit but hard on your skin. Every gust of wind ruthlessly plants tiny particles of dust in your pores, taxes it to be naturally smooth texture. Your most precious skin is constantly exposed to these harsh effects.

But you can erase the inroads upon beauty with a little care and the right help, which I spent years to find. Call this help my Facial Youth. It is a liquid cleanser which soothes the skin and actually removes the dust and grime which are so destructive. Soap and water merely cleanse the surface, and have a coarsening effect.

Facial Youth does not grow hair. It has a clean, fresh odor. It's a pleasure to use this gently soothing cleanser. I know of nothing which does more to retain youthful firm smoothness of face.

May I urge you, for beauty's sake, to buy a bottle at any toilet counter? Your money back if you are not satisfied.

## Overtime Forced Upon Team In Opening Game Before Home Town Fans

Two Philadelphia Teams Set Bad Example by Prolonged Game; Phillies Commit Numerous Baseball Sins and Lose in Eleventh; Yankees Have Thunder Stolen by Minors; Other News From the Training Camps

By BRIAN BELL,  
Associated Press Sports Writer

New York, April 3.—As sixteen major league teams are drawing nearer home day by day, they may view with some alarm the bad example set by the two Philadelphia clubs already at home working overtime before the starting bell rings.

The family argument of the Athletics and Phillies became so heated yesterday that it was necessary to play eleven innings before the American Leaguers won, 8 to 5. The Phillies came from behind to tie the score in the eighth and remained on their best behavior until the eleventh inning, when they threw discretion to the winds and committed numerous baseball sins, including a balk.

Larry Benton met the challenge to pitch nine innings for the New York Giants by turning Washington back with one run, while the National Leaguers were counting twelve. Benton struck a blow in his own behalf in the shape of a home run.

The score—R. H. E.  
Washington.....1 10 1  
New York.....12 17 0  
Batteries—Lisenbee, Van Alstyne and Tate, Benton and Hogan.

### SETBACK INSTEAD OF COMEBACK

The world champion New York Yankees saw the Atlanta Crackers steal their thunder by slashing out nineteen hits to score ten runs, just enough, Lou Gehrig's three triples proved interesting but not conclusive. Stan Coveleskie, attempting a comeback, gave him a setback. They took the lead while he was pitching and were never headed.

The score—R. H. E.  
New York.....9 15 1  
Atlanta.....10 19 0  
Batteries—Coveleskie, Johnson and Grabowski, Dickey, Smith, Dence and Brock.

The bubbling spirits of the Chicago Cubs were never the boiling point as they shelled the Pittsburgh Pirates into submission for the fifth time in as many chances. The score was 6-4. Art Nehf showed that there is life in the old southpaw yet by pitching seven innings of good left-handed baseball.

The score—R. H. E.  
Pittsburgh.....4 8 3  
Chicago.....6 11 3  
Batteries—Kremer, Tauscher and Hensley, Neff, Weinert and Gonzales.

Brooklyn continued to go along under the momentum of hard hitting behind good pitching, and won from Jacksonville 12-4. The veteran Bill Doak took advantage of the youth of the southeastern team and shut them out while he was pitching.

The score—R. H. E.  
Brooklyn.....12 15 2  
Jacksonville.....4 7 2  
Batteries—Doak, McWenney, Koupal and Henline, Burleson, Holland and Johnson.

### CRIPPLES STAR

The St. Louis Cardinals stopped Knoxville of the Amateur League, 9-8. Two former cripples, Ray Blades and Chick Hafey led the winning attack. Blades with four hits for nine bases exceeded his normal spring output.

The score—R. H. E.  
St. Louis.....9 15 3  
Knoxville.....8 12 3  
Batteries—Reinhart and Mancuso; Sawyer, Brown, Dobson and Shaw.

Chicago's White Sox won from Memphis 5-3.

The score—R. H. E.  
Chicago.....5 10 2  
Memphis.....3 12 2  
Batteries—Blankenship and Crouse; Walker and Berger.

Jake May and Kolp pitched so well for Cincinnati that the Reds were able to blank the Louisville Colonels, while they were scoring seven runs.

The score—R. H. E.  
Cincinnati.....7 9 0  
Louisville.....0 5 1  
Batteries—J. May, Kolp and Berger; Greaves, Moss, Lincup and Seimer.

Vic Holter and George Smith shut out Del Pratt's Waco Club as the Detroit Tigers scored seven runs aided by five hits from Harry Rice's bat.

The score—R. H. E.  
Detroit.....7 15 3  
Waco.....0 5 3  
Batteries—Sorrell, Smith and Margreaves; Freeze, Thurman and Wolgamot.

Phoenix, Arizona, April 3.—Carmen Hill, bespectacled hurler, who was tentatively chosen to pitch the opening game for the Pittsburgh Pirates in St. Louis, may be out of the game for several weeks, a vertebrae being misplaced.

## WARREN'S TWO GOALS PROVE ENOUGH TO WIN

Two whistling shots off the toe of Ernie Warren boosted Esquimalt along in their campaign to retain the Jackson Cup. The Dockers put the skids under Victoria City in the opening game in the new series at the Royal Athletic Park on Saturday afternoon by the score of 2-1.

The game was not quite so close as the score might indicate. Esquimalt, on the amount of shooting done, were entitled to another pair of goals, and these might have come off the toe of Warren as well. Rodgers, the City's goalie, got his hands to two terrific shots from Warren and turned them over the bar just in time. In addition John Watt had two gilt-edge openings

in the second half, hitting the bar once and driving outside the upright the other time.

### EACH SCORE ONCE

In the first half each side scored once. Warren notched for Esquimalt about halfway through and Claude Hammer, a former Wednesday Leaguer, evened up for the City. Hammer's goal came after Bob Preston had kicked a long centre to the left of the Esquimalt goal. Hammer went to head the ball but reached it with his shoulder and put the sphere out of the reach of Bridges, the Esquimalt goalkeeper. The City missed a grand chance to move ahead when Tommy Smith rattled the crossbar and Bridges had to fist out the return.

In the second half Esquimalt were on top of the play all the way with Warren, John Watt and Stewart turning in a fine display. Stewart's work on the right wing was outstanding and he continually crossed the ball into the goal mouth. His corner kicking also was a treat.

After John Watt had missed two good chances, after doing some very effective footwork, Joe Watt cleared his lines and set Wagland moving. He slipped the ball into the centre where John Watt and Hammer jockeyed for openings, finally letting the ball out to Warren, who made no mistake with the shot. Rodgers being beaten all the way.

The City's goal was constantly in danger most of the route, but Rodgers made some great clearances. Esquimalt's goal was threatened twice, particularly when young Gibson centred from the right wing and Bissell shot wickedly. Joe Watt got his body in the way of the ball which was steaming for the corner of the net. Glancy trapped the rebound and shot, following in fast. Bridges had to do a zulu dance to get set to kick. Towards the close the City made another attempt, but they were driven back and at the final whistle the Dockers were on the attack again.

The teams were:  
Esquimalt—Bridges, Joe Watt, Mesher, Hosmer, Boyd, DeCosta, Stewart, Spiers, John Watt, Warren and Wagland.

Victoria City—Rodgers, W. Campbell, A. Campbell, Barnswell, Bob Preston, Keimann, Gibson, Bissell, Glancy, Smith and Hammer.

## Ball-Bearing Motors Save \$705.84

When a large lumber yard five years ago installed Ball Bearing Motors to replace Sleeve Bearing Motors, they immediately eliminated all the troubles common to sleeve bearings: oil soaked windings, short circuits caused by misalignment of the rotor, bearing failure and all the other troubles that tie up machines and increase overhead expense.

The ball bearing motors, in addition to keeping machines in operation, saved the sum of \$705.84 annually. On twenty motors, with a total of 600 h.p., they saved annually \$300 for repairs, \$295.94 in power cost, \$95.50 oiling cost, and \$14.40 for oil. This is more than one dollar per year per h.p.

TO PLAY HERE

People who do not play golf have difficulty in understanding why sudden noises or sudden motion in a player's line of vision usually upsets him and causes him to miss the shot. Apparently, baseball and golf require the same sort of concentration, yet a ball player nearly always has to produce his best in the midst of a din of cheering.

The disturbances which annoy a golfer are not those which begin before he addresses his ball and continue throughout the time he is making the stroke. In a measure, it is possible to shut out all consciousness of a continuous noise. But when someone shouts out of a dead silence or a whistle blows shrilly in the distance, the player cannot be prepared for it.

On two or three occasions I have made golf shots before a baseball audience. I have stood in the batter's box in Atlanta and fired balls at the centrefield fence. And playing before a baseball crowd, one is bound to get a baseball reception. Few in the stands were golfers, so I was freely admonished to "knock it over the fence," or to "lose it," all the while I was hitting the ball.

I am sure, had such a thing occurred on the first tee at East Lake, I should have been considerably upset. In the first place, I should have been convinced that the people around me had lost their minds, and, secondly, I should have expected to be physically attacked at any minute. But somehow, I had no such sensations on the baseball field. The noise and shouting were there as an inseparable part of the situation and the natural course was to accept them.

### EXECUTION OF GOLF SHOT THOUGHTFUL PROCESS

I think also that there is another reason that the hubbub is not a dis-

traction to the ball player. Unlike the golfer, he has the comfort of knowing that his spectators are safely ensconced in more or less comfortable seats and will not go scampering across the field in front of him. I remember, on the occasions of my appearance before a baseball crowd, how happy I was to think: "Well, at least they can't get out of the stands."

The execution of a golf shot is a slow, thoughtful process. There are many actuating forces which must be perfectly co-ordinated in order to achieve the desired result. The small ball must not only be struck with the face of the club, but it must be struck exactly. It is a little thing to hit the ball, for that is only a small part of the story.

Around every club there are certain men who like to make up and play freak matches. An old favorite is a handicaps game in which the poorer player is permitted to shout or drop his club or make some other noise a certain number of times while his opponent is playing. The wise ones of the game will shout once or twice on the first two or three holes, afterward maintaining a studied silence. From the results, it would appear that the absence of noise when it is expected is about as effective as a sudden outburst.

### UNEXPECTED MOTION DISTRACTING

Unexpected motion is quite as distracting as noise. If a person standing a few feet behind the player so much as moves his foot, it may be enough to cause the eye to wander off the ball.

The golfer's sensitiveness to outside disturbances apparently trivial is far from being affected. It is very, very real, and something he cannot cure. Golf is not a game of action. It is a game requiring complete mental and muscular composure, and there is not room or time for other matters. (Copyright, 1928, by the Bell Syndicate Inc.)

## Macaulay Point Team Loses Match Against Cowichan's Golfers

Duncan, April 3.—Sixteen members of the Macaulay Point Golf Club journeyed to Duncan on Sunday to play a friendly match against a team from the Cowichan Golf Club. Foursomes were played in the morning, but the singles in the afternoon had to be abandoned on the account of rain, and only the results of the first nine holes were counted.

The home team won by 24 to 8 in the foursomes and 8½ to 7½ on the first nine in the singles. Players and scores, with the home team named first in each case were: Foursomes—B. Colk and H. Macmillan 4, J. Burns and H. Collings 4, J. Burns and H. Collings 0, K. F. Duncan and Y. Bley 3, T. Angus and W. S. Morris 1, J. S. Robinson 0, Major W. B. Powell 1, J. Ford 1, A. Youngman 0, J. ## Keating

Keating, April 3.—The Keating Tennis Club held a meeting in the Keating school on Friday evening, the president, Mr. George Hafer, presiding. The meeting was well attended and members discussed ways and means of improving the present club courts.

Mr. Hafer gave full statement on the cost of proposed cement and board courts.

The members decided to try to obtain assistance from the school board to repair the courts for this season, and to work towards erecting better courts for next season.

The same rules and regulations will be applied this year as last.

The election of officers for 1928 resulted as follows: President, Norman Tanner; vice-president, Miss Nellie Elyan; secretary-treasurer, Mrs. W. Hafer; (re-elected) directors, George Hafer and Henry Seymour. Plans for repairing the court were left in charge of the directors.

The South Saanich Junior Institute Club will hold the April meeting at the home of Mrs. Mabel Miller, Saanichton, on Saturday afternoon, April 7, at 2:30 o'clock, when final plans will be made for the annual dance, which will take place in the Temperance Hall, on Friday evening, April 13. Ray Kinloch's orchestra will provide the music.

The South Saanich Women's Institute held a military 500 tournament in the Temperance Hall on Saturday evening, with an attendance of several tables of players. Mrs. Anderson and Mrs. Bate were hostesses and served refreshments after the games. First prize winners were Mrs. Sherrill, F. Young, Mr. O'Leary and Mr. Russell, and second prizes were awarded to Miss Nellie Elyan, Mrs. Bate, Fred Mitchell and W. McNally.

Best Treated Externally

THAT'S why modern mothers prefer Vicks—it cannot upset delicate stomachs. Rubbed on throat and chest, it acts two ways at once:

(1) Its healing vapors, released by the body heat, are inhaled direct to the air passages;

(2) It "draws out" the soreness like an old-fashioned poultice.

OPERATION LEFT HER VERY WEAK

Letter Tells of Wonderful Relief After Taking Lydia E. Pinkham's Vegetable Compound

Coniston, Ontario.—"After a severe operation and a three weeks' stay in a hospital I returned home so weak that I was unable to move a chair. For four months I was almost frantic with pain and suffering until I thought there could not be any help for me. I had very severe pains in my left side and suffered agony every month. One day when I was not able to get up my mother begged me to try your medicine. My husband got me a bottle of Vegetable Compound at once and I took it. I started a second bottle, and to my surprise and joy the pains in my side left me completely and I am able to do all my work without help. I am a farmer's wife, so you see I can't be idle long. In all, I have taken six bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of the Compound Tablets, two bottles of Lydia E. Pinkham's Blood Medicine, and have also used the Sanative Wash."—Mrs. L. LAZARUS, Box 103, Coniston, Ontario.

BOY DROWNED

Hanna, Alta. April 3.—The swollen waters of Berry Creek claimed the life of Harry Swift Jr., sixteen, son of Mr. and Mrs. Harry Swift, of the Sunny Rock district, when the young lad was attempting to swim the creek on his horse yesterday.

## CITY SUPPORTS PRODUCTS FAIR WITH GIFT LOT

Council Breasts Routine Agenda in Three-hour Meeting

In a long routine agenda last night the City Council met at 8:30 a. m. for sale to the nominee of the Home Products Fair committee at the nominal sum of \$1, plus 55 cents. The council also voted \$100 to operate a stall for the City Lands Department at the fair, and will support the exhibition in every way.

The sum of \$9,000 voted for immediate public works was detailed by the works committee as \$2,300 for surface drains at various points and a like sum for surface drains at Pemberton Meadows, and \$4,000 for miscellaneous street work. Most of the work so authorized will be got under way at once, and some is already in progress.

The rounding of the northeast and southwest curb corners of Port and Broad Street, as a traffic remedy asked by various merchants was referred to the estimates committee without action taken.

The council approved of the tender of W. S. Fraser for twenty lawnmowers and grass catchers for \$291 and \$21 respectively. Alderman John Worthington issued a warning from the parks committee against the taking of flowers from city parks. Wild currant, dogwood, lilac, and other blossoms had been taken to such an extent that city parks were denuded in places, he said.

Notices will be posted, and the police requested to curb the practice of wanton or destructive flower picking.

The city will advertise the horse and buggy once used by the poundkeeper for sale. The poundkeeper is now the possessor of a car to aid him in his work, after a four-year agitation for that modern means of locomotion.

The council agreed to May 1 as the date on which city claudians will come under the Provincial Superannuation Act, but tabled a committee recommendation that part time workers in other departments be included in the list of those pensionable in the city's services.

Tenders for the supply of cast iron pipe wanted by the works department were received and passed to the purchasing agent for tabulation and report.

SEEK THOUSAND NEW MEMBERS

League of Nations Society Drive Opens April 17

The League of Nations Society's campaign for new members, which will be launched on Tuesday, April 17, will be advanced another step when the drive committee meets in the boardroom of the City Lands Department, to-night at 8 o'clock. Fred M. McGregor and Kenneth Ferguson have expressed willingness to serve on the committee, and their offers have been gratefully accepted; previous experience makes their help especially valuable.

The workers have been given a modest objective of 1,000 new members, but have ambitions far beyond this total. Their enthusiasm and firm belief in the great service which the League of Nations Society is rendering in moulding public opinion for peace instead of war, has fired their ambition and they are determined to place Victoria in the forefront when the final count is made at national headquarters.

Helpers are rallying round the standard of peace. Pemberton & Son have given the use of an office in the Pemberton Building, and a typewriter has been loaned by the Underwood Typewriter Company. Bishop Schofield has offered his help, and the ministers of the United Church are actively interested. On Sunday, April 15, sermons on the work of the League of Nations will be preached in Anglican and United Churches.

The campaign committee is composed of many prominent ladies and gentlemen, and representatives from the following organizations: Chamber of Commerce, Women's Canadian Club, Men's Canadian Club, Army and Navy Veterans, Loyal Orange Lodge, Teachers' Federation, Pro Patria Branch of the Canadian Legion, Canadian Lodge, Teachers' Association, Local Council of Women and Y.W.C.A. Other bodies have promised to assist and all major organizations will be included before the week is out.

Suggestions for the conduct of the campaign are invited. The committee realizes that many interested citizens may be willing to assist with helpful ideas and their co-operation is cordially invited. Communications should be sent to the honorary secretary, Mr. Averill, 323 Pemberton Building.

Colwood

Colwood, April 3.—A united choir of twenty-five voices, drawn from the parishes of Colwood, Langford and Metochin, will render "The Crucifixion" by Stanley in St. John's Church, Colwood, to-night at 8 o'clock.

The soloists will be Cecil Blogg, tenor, and B. Pennington, bass. A quartette composed of Mrs. W. L. Whitney-Griffiths, Mrs. F. A. Pearce, Mr. Blogg and Rev. E. B. Eulen will render selections. The conductor will be Major Watts of Victoria, and the organist, Miss James of Colwood.

At the request of the Rev. Bolton of St. Mary's Church, "The Crucifixion" will be rendered again on Good Friday at 8 p.m. in St. Mary's Church, Metochin.

Under the auspices of the Prince Edward Branch, Canadian Legion (No. 91), a very successful and enjoyable dance was held in Colwood Hall Friday evening, March 30, when a large number of persons danced to the excellent music supplied by Findler's orchestra. G. A. Cooney acted as master of ceremonies, and refreshments were served by the W.A. of the legion. Six beautiful prizes were given for the "spotlight" dances.

### Births, Marriages, Deaths

**CARD OF THANKS**

The family of the late Mr. J. J. Cookley wish to thank their many friends for kind words of sympathy and for beautiful floral tributes sent during their recent sad bereavement.

**IN MEMORIAM**

NEARY—In ever loving memory of a darling wife and devoted mother, Mrs. Nora Neary, who passed away on April 2, 1928. "Thy will be done."

—Inserted by her sorrowing Husband and Family.

**IN MEMORIAM**

LUMBOOMIE—In ever loving memory of our dearly loved one, the late Thomas Lumboomie, who departed this life April 3, 1928.

Loving and kind in all his ways. Upright and true to the end of his days. Sincere and just in heart and mind. A beautiful memory left behind.

Of a gentle husband and father true and kind. We have lost and Heaven has gained. But God will link the broken chain. Still closer when we meet again.

—Inserted by his loving Wife and Family.

## To-morrow's Horoscope

WEDNESDAY, APRIL 4

Astrologers read this as a threatening day in planetary government for malefic aspects appear to dominate.

The planetary government tends toward pessimism and discouragement, and for this reason it is wise to keep too busy for depressing thoughts. Under this way the judgment may be erratic and untrustworthy. Important decisions should be postponed. The stars foretell a continued increase of nervous diseases and mental

maladies, due to the strain of modern life. Erotic plays and books will be accused of their right share of the blame for decadent conditions. One of the new reforms will stress in a novel manner the effect of the spoken and written word, it is foretold.

Many quarrels and dissensions will mark organizations at this time when cohesion in politics or religion will be more than usually difficult. Women are to be a troublesome factor in the coming national political campaign, if the stars are rightly read, for they will be interested in reform movements.

Domestic quarrels may be easily precipitated to-day and there is a prophecy of continued prevalence of divorce. Nations as well as families will be susceptible to the planetary rule which encourages misunderstandings and brings about trouble. Theatres are to flourish during the

Summer, when novel and original features will be introduced. Persons whose birthdate it is should beware of accidents in the coming year. Children born on this day probably will be restless and very ambitious. The subjects of this sign like to travel. (Copyright, 1928)

## Uncle Wiggily and the Funny Face

Copyright, 1928, by McClure Newspaper Syndicate

(By Howard H. Garis)

Uncle Wiggily, who had been chased by the fox, even though the rabbit gentleman had dribbled molasses to stick up the bad chap, Uncle Wiggily stood looking at the five sticks of fire wood which the farmer had sawed and left on the ground.

"Well," asked the rabbit of the fox, "can you do the trick of taking away three sticks and still leave five?"

"It can't be done!" growled the puzzled fox. "Never!"

"Oh, yes it can!" chuckled the rabbit. "Quickly he tossed three of the sticks to one side. The other two sticks he put together in the shape of a letter V and then Uncle Wiggily said: 'There's your five! It's the figure five the same as the V five on a clock face. Ha! Ha!'

And that fox was so angry at not guessing this easy puzzle that he ran off to his den and didn't bite Mr. Longears at all. Away hopped the

bunny uncle, laughing to himself. He put the sock in the jug of molasses that he had bought for Nurse Jane, and was soon back at his hollow stump bungalow.

"What are you going to do with the molasses, Nurse Jane?" he asked the muskrat lady housekeeper.

"Make a cake," she answered. And she did, and when the cake was baked it smelled so good that Baby Bunty begged for a slice. So Nurse Jane gave the little orphan rabbit a bit of the molasses cake, and Uncle Wiggily also took one slice for himself, and then Bunty said:

"Please take me adventuring with you, Uncle Wig!"

"I will if you don't play any tricks

on me," said the rabbit gentleman with a twinkle of his pink nose. "Do you promise?"

"I promise!" said Bunty with a funny little smile. So she and Uncle Wiggily hopped away together.

Uncle Wiggily and Baby Bunty had not gone very far before, all of a sudden, the little orphan rabbit jumped to one side and shouted:

"Oh, my goodness!"

"What's the matter?" asked Uncle Wiggily, also jumping so quickly that he nearly lost part of the twinkle off the end of his pink nose.

"Oh, I dropped my piece of molasses cake!" said Baby Bunty.

"That isn't anything to be frightened about," chuckled Mr. Longears. "I thought you saw the Bob Cat or Wolf coming."

"No, said Bunty. 'I just dropped my cake. But even if we did see the Bob Cat or Wolf coming, couldn't you give them a puzzle to do, as you did the fox with the sticks of wood?'

"I don't know about that," said Mr. Longears. "But pick up your piece of molasses cake, Bunty, and we'll hop along."

However, when Bunty stooped to pick up her cake, she screamed again and said:

"It isn't here! It's gone! Oh, my cake is gone! And look who took it!" She pointed to the sly Weasel, who was slinking back into his den beneath a big rock, taking the piece of molasses cake with him.

"Come back here with Bunty's cake!" cried Uncle Wiggily, as politely as he could.

"No! No!" snarled the Weasel impolitely. "I'm going to keep it!"

"Make him do a puzzle!" whispered Bunty to Mr. Longears. Quickly the rabbit gentleman thought for a moment and then he pointed to a nearby tree and said:

"Show me where you can see a funny face in that tree, Mr. Weasel, or you can't have Bunty's cake! Quick! Find the face in the tree!"

Long and earnestly the Weasel looked at the tree.

## CITY WILL RAISE GRANT TO JUBILEE

## Hospital Board Makes Strong Appeal For Increased Support

Sitting as a committee of the whole in estimates last night, after it had heard and dismissed a delegation from the Jubilee Hospital Board, the City Council raised the monthly city grant to that institution from \$2,500 to \$3,000, setting \$30,000 aside in the budget for the purpose. The actual increase, however, is only \$1,000 over last year, when \$30,000 was paid in monthly allowances and an additional \$5,000 added at the end of the year.

Led by George McGregor and James Forman the directors of the hospital made a strong case for an increased grant. In four years city patients had received \$122,000 worth of treatment for an expenditure by the city of only \$140,000, it was said. The deficit of the institution was now \$28,000, of which \$14,000 was last year.

The percentage of collection from all patients was as high as any institution in the Province, it was shown, being an average of 77.5 per cent. Oak Bay patients led with 78 per cent. Saanich followed with forty-eight per cent. Esquimalt with thirty-eight per cent, and outside patients with fifty-five per cent. The percentage of collection in the city proper was forty-two it was shown.

On last year's operation city patients were billed with \$164,000; of which \$60,000 was for indigent patients unable to pay; \$38,000 was paid by the city and the hospital stood the loss of \$25,000, stated Mr. Forman.

Christian Silver, in support of the delegation, stated that the public attitude to hospital costs had long since been made a public charge, and the greater problem of public health should be dealt with in the same manner, he contended.

In capital contribution to the building it developed, the city had given \$200,000, Saanich \$10,000 and Oak Bay \$10,000; while Esquimalt had contributed nothing.

The sum of \$5,000 a month and permission to return to the council at the end of the year, if need be, would satisfy the board, stated Mr. Forman in closing the case presented by the delegation. The council thanked the delegates, who then withdrew. Later in estimates session the council voted the money without further debate. District municipalities should be carrying more of the burden than they do, it was stated by aldermen in this connection.

## Screaming Comedy To Be Presented At Royal Victoria

One of the most diverting of all farce-comedies will be seen here at the Royal Victoria Theatre next Friday and Saturday, following the presentation of "Mr. What's His Name" on Monday and Tuesday evenings, and Wednesday matinee, and "Sleeping Partners" and "Scrooge" (double bill) Wednesday and Thursday evenings. The last two days of the week, Mr. Hicks will present for the first time here, "The Man in Dress Clothes."

Adapted from the French by Mr. Hicks himself, this is a delightful play, full of pathos and comedy, with dramatic moments aplenty. There is no intrigue, but the interest is always sustained.

It is just a leaf out of the life story of Lucien Comte d'Artois (Seymour Hicks), a good fellow who, to drown a private sorrow, comes together with a woman, who also happens to be there, though Lucien has no memory of her coming. The brothers are in possession and proceed to strip his flat, but under the law are compelled to leave him one bed, one chair and one bureau. He chooses the dress suit, because he cannot go out to dine without it. The vicissitudes of Lucien, and how ultimately he and Germaine, his wife, come together again, must be seen in order that this delightful human play may be properly appreciated and understood.

## TRIUMPHS FOR M. HAMBURG

Appearances in Germany and Austria Drew Critics' Praise

Mark Hambourg, who gives a recital to-morrow evening in the auditorium of the First Baptist Church, is a Russian by birth. Before the war he gave many concerts in Germany and Austria, and in his triumphs last year at Berlin and Vienna, music critics simply gloried with praise and enthusiasm. One says: "Music has no problems for Mark Hambourg; he can do everything." Another places him in the first rank, and declares that his passages "sparkle, murmur or storm, but always remain under perfect control." His recital begins at 8:30 o'clock, at which time it is requested that ticket-holders be in their seats, and doors will open for sale of tickets at 7:45 prompt.

## ELOCUTIONISTS WILL COMPETE

While the majority of the classes in the Victoria Musical Festival, which opens April 10, for five days, provide for vocal, instrumental and choral competitions, the spoken art has not been neglected, there being ten classes with a very large entry list, which promises good competition.

Prizes in this group comprise gold medals donated by Mrs. W. A. Lunney and Miss K. Agnew, while silver medals have been presented by Miss Lucy Angus, Mrs. W. A. Gallier, Mrs. Bevan-Pritchard, (two), Messrs. George Porter and A. A. Campbell, the University Women's Club and the B. C. Dramatic School.

Certain classes will also be competing for special prizes consisting of two cups donated by the B. C. Dramatic School, Women's Canadian Club cup, St. George's Society gold medal and the Sprott-Shaw scholarship.

Those interested in the elocution classes will be glad to know that the competitions will be held in the New Thought Temple, which provides a comfortable auditorium with good acoustic properties.

Miss Margaret Crawford, an Ontarian, at present on the faculty of the University of Washington, has been selected as the elocution adjudicator, and comes to Victoria with a high reputation, having officiated at the Vancouver Musical Festival very acceptably.

Membership tickets admitting to any or all of the morning and afternoon sessions of the festival are now on sale at the festival office, 1623 Douglas Street, and at all music stores. Reserved seats for the evening concerts may also be obtained at the festival office.

## Langford

Langford, April 3.—The card party under the auspices of the social committee of the Langford Women's Institute arranged for Wednesday, April 4, has been indefinitely postponed.

The Rt. Rev. Charles D. Schofield, Bishop of Columbia, will hold a confirmation service in St. Matthew's Church, Langford, on Thursday, April 5, at 8 o'clock.

Mrs. J. M. Ritchie, Mrs. Ernest Le Quenne and her son, Jack, have left for Kelowna and Glenora, where they will visit friends.

The members of the St. Matthew's Church choir are taking part in the second cantata, "St. Matthew's Crucifixion," to be given on Tuesday evening at 8 o'clock in St. John's Church, Colwood, and at Metcosh Parish Church on Good Friday evening.

A meeting of the members of St. Matthew's Guild will be held at the home of Mrs. H. A. Hincks, "Holmwood," Goldstream Road, on Thursday afternoon at 2 p.m.

## AT THE THEATRES

## COLORFUL TYPES ARE PORTRAYED IN CAPITOL FEATURE

"Picturesque types are an asset to a motion picture," in the opinion of Charles H. Rogers, producer for First National Pictures, whose latest big film special, "The Shepherd of the Hills," opened yesterday at the Capitol Theatre. This celluloid version of the famous novel by Harold Bell Wright, which Albert Rogell directed, bears out Mr. Rogers' theory.

It is filled with picturesque and colorful characters, from the least important to the principal. Also B. Francis, Molly O'Day, John Boles, Matthew Betz, Romaine Fielding, Otis Harlan, Joseph Bennett, Maurice Murphy and other colorful film personalities enact the principal roles.

On the stage of the Capitol this week are the Four Cinderella Girls, a motoproduction of Vicente Blasco Ibañez' famous novel now playing at the Variety Theatre, for Antonio Moreno, Lionel Barrymore and others did actual laborers' work in building the great dam filmed in the South American sequences of the picture. Buenos Aires, the Paris of the Western hemisphere, furnishes the settings for spectacular sequences in this production. Greta Garbo, famous Swedish star, and Antonio Moreno head a notable cast, including Lionel Barrymore, Roy D'Arcy and others of note. It is a vivid drama of South America directed at the Metro-Goldwyn-Mayer studios by Fred Niblo.

## IMPRESSIVE WAR PICTURE SHOWING AT THE COLISEUM

Memories of Flanders' Fields will be impressively re-traced across the minds of those veterans who will witness the presentation of that monumental epic of British masterpiece, "The Somme," at the Coliseum Theatre this week. During the showings of this mighty motion picture in the Marble Arch Pavilion in London, England, there was the magnetic mood of tense silence, thrilled appreciation and tremendous outbursts of applause as deeds of magnificent heroism were re-enacted on the screen. All the patriotic fervor of those days of the war from July 1 to late in September, 1916, surges up into nerve-tingling realism, made more poignant by memory of those splendid men who fought, unacclaimed and unheralded, those superb battles of "The Somme."

## ROBERT AGNEW HAS CROOK ROLE IN SCREEN DRAMA

Scarcely had Robert Agnew finished "Love's Whirlpool," in which he plays the role of James Kirkwood's kid brother who lands in a barred cell, when he was cast for a similar part in Thomas H. Ince's new drama, "Those Who Dance." In this picture he has the part of a small-town chap who is lured into bootlegging and eventually is forced to sing, sing, and the death chair.

"Once a jail bird—always a jail bird," sighs Agnew, who declares he has placed a new order at his tailor's for the latest in striped wear.

"Those Who Dance," with Blanche Sweet and Warner Baxter heading an all-star cast, is now at the Playhouse Theatre.

## DOLORES DEL RIO HAS RISEN QUICKLY TO FAME IN MOVIES

Dolores Del Rio, the captivating Mexican society girl, who plays the part of Charmaine in the film version of "What Price Glory," now at the Columbia Theatre, had never seen a moving picture studio up to two years ago. Her role in the Stallings-Anderson film, considered one of Hollywood's biggest plums of the season, was the third she had played. She never studied acting and had no ambition as an actress until Edwin Carewe, noting her natural ability, induced her to enter pictures.

## DESERT ROMANCE WOVEN IN PLOT OF "GARDEN OF ALLAH"

Hostility, pity, love, happiness, disillusion, despair, grief—and finally a new peace with God that three people find in three separate ways after the desert sandstorm has passed, is the theme of "The Garden of Allah," now showing at the Dominion Theatre. This romance of the transcendence of spiritual peace over the highest earthly love has gripped millions since it was first published twenty-six years ago.

Now it is on the screen, a Rex Ingram masterpiece, filmed for Metro-Goldwyn on all the actual spots in Algeria described by Robert Hickeys in
